PEACE WITH HONOR AMERICA'S DESIRE

Striking Address of Curtis Guild at The Mexican Centennial.

NO NEW TERRITORY SOUGHT

Foreign Minister Thanked Representative of United States for His Expressions.—Dinner in Honor of Notables at Celebration

Mexico City, Sept. 14.—Curtis Guild, representing the United States as special ambassador during the celebration of Mexico's centennial of independence, today gave a luncheon to members of the President's cabinet, government officials, special ambassadors and commissioners and resident diplomats and ladies in Chapultepec Cafe.

He assured his hearers, in an address delivered in Spanish, that his government sought no new territory o control, and that its greatest desire was "peace with honor," and the winning of equal honor and respect for all Americans in every part of the world.

Foreign Minister Enrique C. Creel, responded to the sentiments expressed by Mr. Guild, thanking him in the name of his government and proposing the health of President Taft and the American nation.

Curtis Guild's Address.

"Friends who gaze at each other hand in hand, on an equal footing and level eyed." This was the figure felicitously employed by Curtis Guild, Jr., picturing the attitude of the American and Mexican Republics toward each other.

Former Governor Guild expressed his happiness in being privileged to join in the general recognition of the fortunate anniversary of which the function in which he was participating formed a part, and continued:

"The memory of Miguel Hidalgo's uplifted lance with its sacred burden of the little congregation leading forth alone and untrained against the disciplined armies of a great nation must ever be an inspiration to the entire world. Of all the nations of the world, however, represented here on this 100th anniversary of the call to freedom in the ancient land of Anahuac, none join in your acclaim with a more thrilling sense of brotherhood than your nearest neighbor, the nation of Lexington and of Concord, of Saratoga and of Yorktown. We are proud in Mexico's pride that the first century of her independence was so nobly begun. We are happy in your happiness that a century that began with such patriotism should end with such honor. It is a happy augury that the century that opened with the appeal of an Hidalgo should close with the achievements of a Diaz.

"To the gifts of freedom and independence for Mexico for which her first leader gave his life her latest leader has added the blessings of prosperity, of order and of peace. To few is it given to guide for so long a time the destinies of a nation. It is not flattery, but fact, that compels the testimony that to no other one man, in modern days at least, has it been given to take up a nation poor, distracted, torn with invasion and disorder and after a guidance of 30 years to make that nation without war, by sheer statesmanship and the arts of peace alone not merely prosperous and happy but respected and honored throughout the world, a power to be reckoned with at the council board of the nations.

"Under the brilliant direction of the Mexican Alexander Hamilton, Senor de Limantour, the once barren fields of Mexico credit have been made to blossom like a fruitful garden. Sanitary reforms, the foundation of hospitals of international reputation, the study and demonstration of American archaeology, the establishment of an energetic department of forestry, the exquisitely delicate and difficult foundation of the gold standard of currency, the linking of the Atlantic with the Pacific by railway, the construction and government control of vast systems of transportation, the elaboration of superb harbors for the world's commerce, an entrance as a leader into the councils of the world at The Hague with the message that Latin America seeks not disorder and revolution, but arbitration and peace; there is not a path of National progress, finance, transportation, conservation, industry, literature, even archaeology in which Mexico has not been in the last 30 years not merely a leader, but a marvel.

"By this wonderful progress the United States has greatly benefitted. The people of the United States trust the people of Mexico. Hundrds of millions of dollars have been invested by citizens of the United States in the enterprises of the Mexican Republic. There can be no better proof of the respect and trust of the people of the United States in the people of Mexico than the fact that no other nation has so lavishly invested its savings in Mexico as the people of the United States. We know that the trust is securely guarded by the honor of the Mexican people.

"We of the United States are proud to remember that when in his youth General Diaz was leading the troops of Mexico in the cause of liberty. Abra-

ANOTHER SHERMAN LAW SUIT

Government Starts Action Against So-Called "Brick Trust"—Four Individuals and Three Companies Indicted.

Chicago, Sept. 14.—The so-called "brick trust" was indicted by the Federal grand jury today charged with violation of the Sherman anti-trust law. Four individuals and three companies are named, as follows:

D. V. Purington, president of the Purington Paving Brick Co., of Galesburg, Ill.; C. C. Barr, president of the Barr Clay Co., of Reading, Ill.; H. R. Renkert, secretary of the Metropolitan Paving Brick Co., of Canton, O.; Wm. F. Brennan, Chicago sales agent of the three companies. The companies represented by the foregoing individuals also were indicted.

Judge Landis, in the United States District Court, issued bench warrants against the accused. It is alleged that the defendants were engaged in a combination in restraint of trade, and that annual meetings were held at which the price of brick for Chicago was fixed. The city has bought all its paving brick during the last five years from the alleged trust.

An unusual story lies back of the return of the indictments. Brennan, the sales agent, was prominent politically. D. J. Christopher was an inspector employed by the city to pass on paving brick. Brennan is alleged to have taken Christopher's wife, Mrs. Aileen Christopher, into partnership in the sales agency. A year ago Inspector Christopher lost his position with the city and somewhat later Mrs. Christopher sued Brennan for what she alleged was her share in the profits of the agency. She lost the suit, but carried the matter to the authorities. She and her husband were witnesses before the grand jury.

UNIVERSITY ATHLETICS.

Coach Cartmell Returns and Takes Up His Duties.

(Special Star Correspondence.)

Chapel Hill, N. C., Sept. 13.—Athletics in general but track and football especially received a new impulse for the season when Nat. J. Cartmell arrived today to take up his duties as college trainer for all athletics and coach for the Varsity track team next Spring.

Coach Cartmell has spent the greater part of the Summer in England where he added laurels to his already widespread reputation as a trainer, by training Tex Ramsdell, the University of Pennsylvania star sprinter, and winner of the 100-yard dash in the Inter-Collegiate last May, to defeat Walker, the fleet South African, in the 100-yard dash. After he left England Coach Cartmell returned to Philadelphia where he spent some time with his personal friend and old trainer, Mike Murphy, the famous athletic director of the University of Pennsylvania and greatest of all college trainers. From him Mr. Cartmell comes with many new ideas and plans for the year at Carolina and his valuable assistance should render the University much aid on the gridiron this Fall and on the cinder path next Spring.

PLANNING AVIATION MEET.

Under the Sanction of National Aero Council—Famous Aviators.

Washington, Sept. 14.—Washington and Baltimore are to have an aviation meet under the sanction of the National Aero Council during the week beginning October 31st. The meet will follow practically immediately upon the New York meet and, in attendance of distinguished aviators of both this country and Europe, it is designed to rival the most notable contests that have been held in this country.

Dr. A. F. Zahm, secretary of the Washington Aero Club, today received a telegram from Jerome H. Joyce, president of the Aero Club, of Baltimore, in which he announced that he had arranged for the proposed meet at the time stated; that Glenn Curtiss would be here Sunday, and asking the co-operation of Washington. As a result the Washington Aero Club decided to do all in its power to promote the success of the proposed meet.

The site probably will be either at Benning or at College Park, either one of which is well suited to aviation purposes.

FATAL AUTO WRECK.

Norfolk Physician Ran Over and Killed Man Last Night.

Norfolk, Va., Sept. 14.—While carrying a friend home in his automobile about 11 o'clock tonight, Dr. Starke A. Sutton, perhaps the best known physician in Norfolk, ran over and killed N. J. Dillehay, a white man, 65 years old.

The accident occurred near Jackson Park. Dillehay started across the street and then turned suddenly and started to return. Dr. Sutton was unable to stop his car in time to prevent running down the man. Dillehay's neck was broken. He lived only five minutes after being struck. His home was at St. Bride's, Va.

Norfolk, Va., Sept. 14.—The infant son of Mr. and Mrs. C. S. Titus was strangled to death last night at their home on the Jamestown boulevard in Larchmont. The little one whose name was Howard, was eight months of age, and his death was due to his slipping out of his crib and getting his head caught between the mattress and the rail of the crib.

Washington, Sept. 14.—The population of Atlantic City, N. J., is 44,461, an increase of 16,623 or 59.7 per cent as compared with 27,838 in 1900.

CRIPPEN MURDER TRIAL IN LONDON

Patheologist Tells of Human Parts Found in Hilldrop Crescent Home.

DENTIST AND GIRL IN COURT

Body Was Mutilated by Hand Skilled in Surgery—Crippen Appeared Cool and Collected—Dr. Pepper's Testimony.

London, Sept. 14.—Testifying at the resumption today of the Crippen murder trial, Prof. Augustus J. Pepper, patheologist of the University of London, said that his examination had convinced him that the human parts found in the cellar of the Hilldrop Crescent home were severed by a hand skilled in surgery and directed by a mind that possessed a real knowledge of anatomy.

Dr. Hawley Crippen, who is charged as the principal of the murder of his wife, Belle Elmore, the American actress, was seemingly as cool and collected as ever.

Ethel Clare Leneve, accused as an accessory after the fact, was wan and plainly in mental and physical distress. She was attended for the first time in court by a wardress.

Prof. Pepper for the prosecution, said that he had identified pieces of flesh as belonging to various parts of the body, except the head, hands, forearms, feet and legs below the knees. He could say that the members found were undoubtedly from a human body. No bones were discovered, nor was there any trace of the genital organs.

The whole viscera was present intact and the only wound was a cut in the upper part of the wind-pipe. Other parts were left undisturbed by the one who did the cutting, and the way in which the parts had been separated convinced the expert that whoever was guilty of the mutilation did his work with an exactness born of familiarity with the human body.

Prof. Pepper said that the hair discovered included a short strand of fair texture wrapped up in a handkerchief of the size commonly used by men. The witness identified particularly a piece of flesh six by seven inches in size as coming from the abdominal wall and which bore scar, which, in his opinion, was undoubtedly left by a wound from an operation.

The witness said that the scar was in a vertical direction and more than four inches in length. It was old and might have been on the body for a year, possibly many years. The condition of the organs recovered was healthy and in his judgment indicated a stoutish person in middle life whose hair was dark brown where it had not been artificially bleached.

Witness said that he found no trace of the sex. Parts had been buried for not less than four months and for not more than eight months.

Here Solicitor Newton asked the witness to be more specific in his statement as to having found "no trace of sex." The professor agreed with counsel that it was impossible for him in any manner to determine the sex from the parts of the body found and examined by him.

This was considered as of great importance to the defense, as it had been generally believed that, although certain organs had been purposely removed to conceal the identity of the victim, sufficient evidence would be introduced to establish that the body was that of a woman. The witness explained that he meant that he could not identify the sex anatomically.

Police Surgeon Marshall corroborated the testimony of Pepper. On cross-examination he said that a body buried in clay and lime might be preserved for years. Witness said his impression was that there were marks around the scar found on the abdomen which had been made by the stitches taken in the wound. The trial was adjourned to Friday.

DEATH AT ROCKY MOUNT.

Chas. W. Hammond Passed Away—Funeral Yesterday Afternoon.

(Special Star Telegram.)

Rocky Mount, N. C., Sept. 14.—After an illness of less than a week, Mr. Charles W. Hammond died last night at 11 o'clock at the home of his sister, Mrs. T. J. Hackney. Mr. Hammond's condition was not considered serious until recently, and up until a short time before his death he was not thought to be so seriously ill. Mr. Hammond was one of the city's pioneer business men and he owned and managed one of the largest grocery businesses in this city for the past 27 years. Mr. Hammond took an active interest in the industrial development of Rocky Mount. He was a member of the board of city aldermen, and was a factor in the recent organization of the Chamber of Commerce, being one of the directors.

The deceased was 53 years old. He was a consistent member of the First Methodist church and actively associated with its affairs. Two sisters, Mrs. T. J. Hackney and Mrs. A. W. Arrington, survive, along with a large number of relatives in this section of the State.

From the First Methodist church this afternoon at 5 o'clock the funeral service was held by Rev. J. N. Cole, of Raleigh.

HOOPER ENDORSED BY THE DEMOCRATS

Tennessee Insurgents Will Stand by Republican Nominee For Governor.

TENSE SITUATION IN STATE

Possible Break in Solid South Extends Only to One Office.—Pardoning of Cooper Bitterly Denounced. Waxing Warm.

Nashville, Tenn., Sept. 14.—The independent Democrats of Tennessee today endorsed the candidacy of Capt. Ben W. Hooper, Republican nominee for Governor, and further cut loose from the regular wing by referring the latter's harmony resolution to the new Independent State Executive Committee, without discussion.

Thus was organized a formidable looking triumvirate to campaign for a Republican Governor, consisting of Republicans, independent Democrats and State wide prohibitionists. The independents and prohibitionists are so closely allied as to largely overlap in their membership.

The possible break in the solid South outlined in today's convention extends only to one office, the Governorship. There is a "gentlemen's agreement" between the independents and the Republicans that neithe party will invade the other's safe legisiative territory and this the independents say assures a Democratic Legislature.

There was no opposition in the convention to the programme of the leaders. An attempt was made to suspend the rules, and nominate Hooper by acclamation, but this was ruled out of order by the permanent chairman, R. E. L. Mountcastle, National Democratic Committeeman from Tennessee. Platform resolutions were then adopted and nominations made in rapid succession by unanimous rising votes. The resolution on harmony reads as follows:

"We recommend that the resolution sent to this convention by the Patterson convention be referred to the State Committee selected by this convention for proper answer in accordance with the action and nominations of this convention."

The pardon of Senator Carmack's slayer was denounced repeatedly by the speakers, which was received with shouts of approval. Temporary Chairman G. T. Fitzhugh, of Memphis, brought the audience to its feet when he said of the Carmack-Cooper case:

"When the highest court—despite his (Patterson's) efforts to coerce it, had handed down a decree which branded his closest friend and chief political adviser as a murderer, he spat upon and trampled under foot this judgment which was in accord with law and justice, and which met with the approval of the civilized world."

Address of Captain Hooper.

The convention end d with Captain Hooper's address. The Republican candidate was frequently interrupted by cheering, and applause.

Speaking of the combination of Republicans and independent Democrats, he said:

"While the sequence of events is unprecedented in Tennessee politics, it contains no deep and hidden meaning. It would be extremely absurd for the forces of temperance, law and order to be divided in this contest along national party lines.

"We have witnessed in this State for the last four years, what was perhaps never seen in a Southern State before—the assembling of the vicious and criminal elements of all races and parties under the banner of an unscrupulous organization—an intensified imitation of the Tammany Democracy of New York, and the Republican ring of Philadelphia. We have seen the laws of this State trampled under foot and then heard the chief executive of the

SOLVING THE BIG TREASURY THEFT

Former Assorting Teller Arrested For Embezzlement in Chicago.

LOSS AMOUNTS TO $137,000

Fitzgerald Sent to Prison in Default of $50,000 Bail—Stolen From the Federal Sub-Treasury—Details.

Chicago, Sept. 14.—George W. Fitzgerald, a former assorting teller in the Chicago Federal sub-treasury, was arrested today by Deputy United States Marshals charged with the theft of $173,000 that mysteriously disappeared from the Chicago sub-treasury on February 19th, 1907.

Fitzgerald was arrested on a bench warrant, based on an indictment returned secretly by a federal grand jury on February 17th, 1910. The existence of the indictment was suppressed until today. Three days after the indictment was secretly returned it was announced that the statute of limitations operated to stop possible criminal action in the case.

Coincidently with this ruse, secret service men were detailed to watch Fitzgerald constantly and make a rigid investigation of the former teller's financial interests and affairs. Discoveries made by these operatives resulted in the order for Fitzgerlad's arrest.

Marshal Eberstein, chief of special agents of the Department of Justice, and Deputy United States Marshals Walter Wainwright and J. T. Buckner, arrested Fitzgerald at his insurance brokerage offices in La Salle street just as the former sub-treasury teller was leaving for home.

Fitzgerald was first taken to United States Marshal Hoy's office, where he was searched. He was then handcuffed and placed in a cell.

Fitzgerald was taken before Judge K. M. Landis. He was formally arraigned and his bail was fixed at $50,000. Being unable to give bond in this sum, he was taken to jail.

The indictment against Fitzgerald as read in court specifies four counts. Three charge embezzlement and the fourth charges larceny. Under these charges, a maximum sentence of ten years in a Federal prison, or a fine equal to the sum embezzled, is the penalty on conviction.

United States District Attorney Edwin W. Sims refuses to say what prompted his order today for Fitzgerald's arrest, but declares that he felt sufficient evidence was in hand to warrant such procedure.

The sub-treasury loss occurred on February 20th, 1907. The money was all in $1,000 and $10,000 bills. Federal officers throughout the country were brought into the hunt for the missing money. For three years, all persons found to have $1,000 and $10,000 bills were subjected to open or covert scrutiny by secret service agents.

The $173,000 disappeared from Fitzgerald's cage in the sub-treasury. When questioned regarding the disappearance of the money Fitzgerald said that he had gone out to lunch and that when he returned the money was gone. He was closely questioned at the time and was shadowed for months.

A year after the robbery occurred, Fitzgerald was arrested by a private detective agency acting for William Boldenweck, the sub-treasurer. The charge was not pressed, however, and Fitzgerald instituted damage suits against Boldenweck and the detective agency.

Mr. Boldenweck, who is to be succeeded by Len Small, of Kankakee, Ill., as assistant treasurer in charge of the Chicago sub-treasury, sent his resignation to President Taft on September 8th. Congress some time ago relieved Mr. Boldenweck of any responsibility in the loss, which then fell on the government.

THE VICTORY IN MAINE.

Democrats Will Send Two Congressmen—One Republican Wins.

Portland, Me., Sept. 14.—Two Republican and two Democratic Representatives will constitute the next Maine delegation in the National House. Doubt as to the make-up of the delegation was cleared up today when belated returns from remote towns of the Fourth district showed the re-election of Frank Guernsey (Republican), of Dover by a small plurality. Mr. Guernsey's election was conceded tonight by his Democratic opponent, George M. Hanson, of Calais.

The election of Asher C. Hinds, Republican, in the First district is shown on the face of official returns, but there may be a recount. In the Second and Third districts the Democratic candidates, Daniel J. McGillicuddy and Samuel W. Gould, won decisively.

Attorney Charles F. Johnson, a prominent Democrat of Waterville, is to be a candidate for the United States Senate at the coming session of the Legislature. That body will be Democratic by a vote of 111 to 69 in joint convention, thereby ensuring the election of a Senator of that policical faith to succeed Senator Eugene Hale.

IS UNFAVORABLE TO AMERICA

European Bankers Would Not Accept Validation Plan—Concerns Trade in Cotton—Decision a Surprise in America.

London, Sept. 14.—At today's conference of European bankers, interested in the cotton trade, it was decided that they were unable to accept the validation plan submitted by the American Bankers' Association. The decision was reached after a prolonged discussion by representative bankers of England and the continent.

The resolution embodying this decision expressed regret at being unable to regard the American proposal as affording the protection desired by European banks accepting cotton. Consequently, and in default of the production of any other satisfactory plan of guaranteeing American cotton bills of lading, the meeting confirmed the resolution passed by the committee in July. This resolution of July was the original ultimatum of the English bankers to the American bankers, declining to accept drafts against bills of lading unless these latter were guaranteed.

The conference is still prepared, however, through its committee, to meet a deputation from the American Bankers' Association in London.

Decision A Surprise.

New York, Sept. 14.—Local bankers interested in the European cotton bills of lading validation matter expressed surprise today at the action of the London and Continental Bankers, but would make no statement as to their position in the matter.

A meeting of the cotton bills committee of the American Bankers' Association will be held tomorrow, when some formal reply probably will be made to the action of the European bankers. In the opinion of several members of this committee, the American bankers and banking houses will not recede from their present position which, in effect, is that the certification of bills of lading by the cotton carrying railroads is sufficient safeguard.

WASHINGTON NEWS NOTES.

Fire Destroys Store—Progress on Pavinv—Fertilizer Plant.

(Special Star Correspondence.)

Washington, N. C., Sept. 14.—Reports this morning state that Mr. J. G. Nixon, of Bunyan township, about ten miles from this city, lost his store by fire about 3 o'clock this morning. The entire building and all the merchandise were totally destroyed. The loss is estimated at between $3,000 and $5,000. Mr. Nixon and family were away last night and the cause of the fire cannot be accounted for. There is some suspicion of incendiarism, but so far no tangible proof has been found.

Mr. W. F. Weatherington, of South Creek, this county, while fishing in this creek a few days ago, succeeded in catching an alligator measuring between eight and nine feet in length, with an ordinary hook and line. In addition to the large one he caught several small ones measuring about nine inches each.

The work of laying the paving material on the streets of the city has begun in dead earnest and is being pushed forward as rapidly as possible. The Barber Asphalt Company, of Philadelphia, have the contract and the material used is macadam mixed with asphalt. The curbing is made of concrete and this work was done by the city previous to the actual work of paving. When completed Washington can then boast of some of the best streets in Eastern Carolina.

Work on the mammoth manufacturing plant of the Pamlico Chemical Company, of this city, is progressing at a rapid rate. The large pier extending out in Pamlico river has been completed and work on the factory buildings is progressing rapidly. The contractor hopes to have the buildings completed in the course of several weeks and ready for the installation of machinery.

It is understood that the Free Will Baptists of this city are making preparations to erect a suitable church building in this city on their property on Pearce street.

REPUBLICANS AT HARTFORD.

State Convention Named Ticket—Goodwin for Governor.

Hartford, Conn., Sept. 14.—The Republican Convention today named the following State ticket:

Governor, Charles A. Goodwin, of Hartford; Lieutenant Governor, Dennis A. Blakeslee, of New Haven; Secretary of State, Matthew H. Rogers, of Bridgeport; State Treasurer, Costello Lippitt, of Norwich; State Controller, Thomas D. Bradstreet, of Thomaston; Attorney General, John H. Light, of Norwalk; Representative at Large in Congress, John Q. Tilson, of New Haven.

A platform was adopted which enunciated party principles, beginning with an endorsement of the national administration, and extending through a declaration of policy in State affairs. A plank for direct primaries was tabled.

Trenton, N. J., Sept. 14.—The primary election returns still continue to come in slowly and it will probably require the official count to determine whether former Governor Stokes or former Governor Murphy leaas in the Republican contest, for the United States Senatorship. Tonight friends of Governor Stokes are claiming that he is the high man. Many of the returns in are unofficial and it is impossible to form an accurate conclusion.

ZEPPELIN AIRSHIP AGAIN DESTROYED

Count's Speediest Dirigible Wrecked By Flames After Explosion.

HAD MADE THIRTY-FOUR TRIPS

Several Workmen Were Burned, But None Fatally—Fifth Serious Accident to Count's Airships—Was Latest Model.

Baden Baden, Germany, Sept. 14.—The latest type of Count Zeppelin's inventive genius met with disaster today, when the dirigible balloon Zeppelin VI, took fire after an explosion, while being warped into her shed. A score or more of men were engaged in the task of housing the airship when a benzine tank in the rear gondola exploded, setting fire to an adpacent gas compartment.

The explosion of this compartment was followed by the explosion of the sixteen others. There was a gush of flames, developing intense heat and the whole structure was destroyed in a few minutes. Nothing remained of Count Zeppelin's latest model except a tangled mass of aluminum frames.

The shed also became ignited, but the flames were extinguished without serious damage. Several workmen were burned, but none fatally.

The ignition of the benzine occurred while workment were engaged in cleaning the machinery, during which the benzine holders were open. The cause of the ignition has not been ascertained.

Zeppelin VI during the past 18 days has made 34 passenger trips covering about 2,000 miles and carrying more than 300 passengers. The flights of the dirigible were made regularly, often in unfavorable weather.

This is the fifth serious accident which has befallen the Zeppelin dirigibles, the histories of which have been brilliant, but brief, and usually ending in disaster.

The Zeppelin VI was under charter of the Passenger Flying Company, having replaced in the passenger service the recently wrecked Deutschland. She was transferred from Friedrichshafen to this place and after being fitted with improved propellers and other new features made a trial trip on August 19th. She proved to be the speediest of her type and it was announced that she would maintain a speed of 35 miles an hour.

The dirigible was constructed to carry ten passengers and during the last few days had made trips to various interesting places. Many Americans were among the excursionists.

Ten Were Injured.

Baden Baden, Sept. 14.—During the efforts to extinguish the flames ten men were injured, two of them seriously. Thousands of persons surrounded the scene of the fire this evening.

NEGRO KILLED BY POSSE.

Shot to Death Near Birmingham, Ala., for Murder of Citizen.

Birmingham, Ala., Sept. 14.—Isaac Glover, a negro wanted for murder, was shot to death by a posse of citizens four miles south of Springville, Ala., at 6 o'clock this evening. The negro shot two members of the posse before he was killed.

Glover killed Captain Terry, one of the most popular citizens of St. Clair last Sunday afternoon without provocation. Capt. Terry met him in the road and the negro, evidently thought he wanted to arrest him and fired point blank, killing Capt. Terry instantly. Posses were immediately organized and had been searching for the negro ever since.

About fifty armed men with dogs came upon the negro's trail this afternoon shortly after 5 o'clock. Soon afterwards the dogs came upon the negro in a clump of bushes and attacked him. The negro kicked the dogs away and, armed with a pistol and shot gun, began to fire on the posse. Practically fifty guns returned the fire and the negro's body was riddled with bullets.

DR. SEXTON WAS WAYLAID.

Spartanburg Physician Robbed and Seriously Hurt Yesterday.

Spartanburg, S. C., Sept. 14.—Decoyed to a lonely spot near Glendale, six miles from this city by a call for his professional services, Dr. William G. Sexton, of this place, was waylaid this morning by two white men who overpowered him, rendered him unconscious with chloroform and robbed him of $500.

According to his statement he had intended to give the money to a building contractor in payment for repairs to his house which was almost destroyed by fire three months ago. Dr. Sexton had a narrow escape from losing his life on that occasion. Dr. Sexton lay unconscious for nine hours. When he recovered his senses he called to a passing negro for assistance. He was brought to Spartanburg and taken home. He was still dazed, but managed to tell a connected story and to give a fairly good description of one of his assailants. Deputy Sheriff J. Edward Vernon and a posse at once started in pursuit. The lead which the robbers had makes the prospect for their capture poor.

Base Ball

NATIONAL LEAGUE.

New York Sept. 14.—Drucke outpitched Camnitz today and New York defeated Pittsburg 3 to 2. Becker, a former Pirate, made four hits and scored two of the home team's runs. Leach aided the Giants in winning by misjudging Myers' rap in the fifth inning. Two games will be played tomorrow. Score:

TAFT WILL LET HIM SERVE.

Civil Service Employes Can Take Part in Their Home Politics.

Washington, Sept. 14.—Federal employes who work in Washington and live in the numerous small towns outside, can hereafter take a reasonably active part in their home politics and even hold municipal offices, if they wish, without running foul of the Civil Service Commission. The question has been decided by President Taft in the case of George E. King, of the forest service, who has been elected mayor of Vienna, Va., and who it was at first thought would not be allowed to serve.

Acting Secretary of Agriculture Hays passed the question to the President, who promptly declared it was a thing for residents to take an interest in municipal improvements.

GOAT EATS NEW HAT MONEY.

Pitiable Plight of Woman in Detroit. Couldn't Issue New Goat.

Washington, Sept. 14.—This tale of a goat is arranged chronologically:

A woman in Detroit wanted a new hat and drew a ten dollar bill out of a bank.

A gust of wind whisked it out of her hand.

A small boy driving a nanny goat to a cart happened by and the ten fluttered under nanny's nose.

Nanny gobbled the bill. The woman accused the boy of stealing it.

By the time a policeman arrived the goat had swallowed it.

The boy proved his innocence and recovered the bill by killing nanny.

The Treasury Department has issued a new bill, but cannot issue a new goat.

Fisherman Broke a Leg.

Andrew Spicer, colored, employed as a member of Mr. Chas. Mason's fishing crew, while engaged with others in manipulating a seine in Middle Sound early yesterday afternoon, had the misfortune to step into a deep hole in the sound with the result that he suffered a painful fracture of the leg. He was brought to the city and taken to the James Walker Memorial Hospital, where he was given attention.

Seaboard Train Delayed.

Train 44 of the Seaboard Air Line, due here this morning at 12:20 o'clock, was delayed at Navassa by a disabled engine and did not reach the city until an early hour this morning. Some of the passengers transferred to the Coast Line train and came on to the city.

DREDGE FINISHING WORK.

Government Dock Across the River Has Been Filled In.

The dredge Jacksonville yesterday afternoon finished the work of filling in the new government dock on Eagle's Island, across the river from Castle street, and it is stated that within three months the machinery, buildings, etc., will have been removed from the present dock at foot of Queen street to the new yards. The work of removing the buildings and machinery is expected to begin next week. It is understood that some additional buildings will be erected at the new yards. The old buildings, it is said, will be taken across the river without being dismantled, on large government lighters.

The dredge Jacksonville did its part in putting the new yards in shape in a remarkably short time, being engaged in the work only since last Friday. During that time between 35,000 and 40,000 cubic yards of material was pumped into the property by the dredge. This material was secured by dredging the river a short distance down stream by dredges Ajax and Hercules. Scows were filled with mud and towed to the new docks and rapidly unloaded by the dredge Jacksonville. The dock is about 300 feet in length and about 500 feet in width.

Mr. Merrit to Baltimore.

Mr. Robt. C. Merritt, assistant engineer in charge of the United States Engineers' office for this district, left last night for Baltimore, Md., to ascertain the cause of the delay in finishing the work on the government tug Cynthia, which is being overhauled. The boat should have been off the ways some time ago, and the delay has not set well with the local engineering forces. Mr. Merritt hopes to be able to hasten the work on the boat so it may be put in service in a short time.

Miss Alderman's Select School.

Miss Mary L. Alderman's Select School will open for the Fall term the first Monday in October at No. 12 North Fifth street. She will have as her assistant Mrs. Frances Sawyer. The outlook for a most successful school year is very bright, and it is believed that the enrollment will exceed that of any former year. This Fall Miss Alderman expects to start an afternoon business class for young ladies and in the evening she will give instructions in the business branches to young men.

Funeral of Young Son.

The funeral of Master Jordan W. Branch, the 13-year-old son of Mrs. T. Addison Branch, was held at 3 o'clock yesterday afternoon from the family residence, No. 616 South Sixth street, conducted by Rev. Dr. John M. Wells, pastor of the First Presbyterian church, assisted by Rev. Thos. P. Noe, rector of the Church of the Good Shepherd. The interment was in Bellevue cemetery. The pall-bearers were Messrs James Applewhite, Bruce Cameron, L. Davis and Russell Holmes.

BALLINGER STATEMENTS.

Graham and Ollie James Make Reply to Republicans.

Chicago, Sept. 14.—Congressman James M. Graham, of Illinois, and Ollie James, of Kentucky, tonight made reply to the statement issued last night by the Republican members of the Ballinger investigating committee. Graham and James wrote the opinion of the four Democratic members that was given out as their report at Minneapolis last week.

The Republican members of the committee met yesterday in Chicago and charged that the Democrats had played politics. Congressman Graham says in part:

"To us it appears ten weeks time is enough to study the evidence and reach a conclusion on it, and their position seems inexplicable unless it be credited to political exigency.

"If Mr. Ballinger is innocent and has been unjustly assailed, how utterly cruel and inhuman, it is to withhold his vindication. The very purpose of the committee in meeting in Minneapolis was to make a report, it was their duty to carry out that purpose and it would have been a misfortune and a wrong if the purpose had been defeated by the voluntary, if not intentional absence of some of the members.

Mr. James says: "The statement issued by Senator Nelson and his colleagues in Chicago yesterday is only positive proof of what we saw * * * demonstrated in Minneapolis, and that is that the Republican members of the committee did not desire to make a report on the Ballinger case until after the elections."

After stating that Senator Root and Representatives Olmsted and Denby, Republicans, were absent on September 9th, when the committee met to pass on the Ballinger report, Mr. James says:

"The rest of us were there; five of us were there ready to do business. We adjourned five days waiting for the others. We had a duty to perform, and we performed it.

"The statement made by the gentlemen that the meeting called for September 5th in Minneapolis was for the purpose of considering and discussing what the report to be made three months thereafter should be, is far aside from the truth. It was specifically agreed, when we adjourned in Washington to meet in Minneapolis September 5th that it was for the purpose of making up our report and giving it to the public."

GODWIN OR CLARK, WHICH?

Democrats of the Sixth District Will This Afternoon Select Candidate for Congress.—Light Vote Expected.

Either Congressman Hannibal L. Godwin, of Dunn, or Hon. O. L. Clark, of Clarkton, one of Bladen's most prominent and prosperous business men, will be selected in the voting contest which will be held throughout the district this afternoon, as the Democratic candidate for Congress to represent the Sixth district. When asked to venture an opinion as to how the primary will go the political wiseacres are silent; so far as can be gathered from those who have kept tab on the situation the candidates have an equal chance.

The voting contest today is the result of the unfortunate muddle in the convention held at Wrightsville Beach some weeks ago, when Clark was named by one division of the delegation and Godwin named by the other, both claiming at the time to have been regularly nominated. The matter was taken to the State Democratic Executive Committee, which appointed a special committee to investigate and make report. The hearing was held at the Seashore Hotel and the statements of a large number of the friends of both candidates were heard. The committee made a lengthy report and recommended that another primary be held throughout the district under rules and regulations of a special out-of-the distict committee, which was named by Chairman A. H. Eller. The voting contest today will be held under the rules and regulations drafted by the committee and previously published in this paper. The returns are to be canvassed on Saturday and report made to the special committee in Raleigh, and the result will be announced from there. However, the result will very likely be known before midnight tonight.

The polls open at 12 M. and close at 6 P. M. The result should be known in a short time after the polls close as there are only two candidates in the field. Of course, in remote sections the vote will not be known until tomorrow, but enough will be known tonight to state with a degree of certainty who is the nominee.

The ballot boxes will be at the usual polling places in this city and county. The following are the voting places in the city:

First Ward—Engine House, Fourth and Campbell streets.

Second—Recorder Furlong's office.

Third—Giblem Lodge Hall, Eighth and Princess.

Fourth—Davis livery stables.

Fifth—Engine House, Sixth and Castle.

There is not as much local interest in the contest as might naturally be expected, and many take this to mean a very light vote. Quite a number have stated that they do not intend to participate in the contest, some for the reason that they do not think a second primary the logical solution of the muddle and others desire to be left free to vote as they choose in the general election. For this reason some do not expect more than half the usual number of votes will be cast in the city and county.

The same apathy seems to prevail all over the district, if reports received here are to be relied upon. Except in few sections of the district has the contest stirred the usual amount of interest. Report comes from Robeson county that the fight for Sheriff in that county has overshadowed the Congressional contest, and a very small vote is expected.

There is much speculation as to how New Hanover county will go. Leaders of the Godwin forces are outspoken in the prediction that Godwin will carry the county by a safe majority, while Clark leaders hoot at the idea of Godwin polling anything like half the vote of Bladen's favorite son. Friends of both candidates were quite active in this city yesterday and last night, and as a result of their efforts the vote today may be larger than appeared would be the case up to yesterday.

MARRIED LAST NIGHT.

Miss Mary Catherine Blaney Bride of Mr. John A. Everitt.

Mr. John Almont Everitt, a well known and popular young man, and Miss Mary Catherine Blaney, daughter of Mr. and Mrs. W. F. Blaney, of Warsaw, were united in marriage at 8 o'clock last night at No. 1025 South Front street, where the bride has made her home since coming to this city. The ceremony was impressively performed by Rev. W. L. Rexford, pastor of Bladen Street Methodist church, in the presence of a large assemblage of relatives and friends of the couple. The groom holds a position with the Atlantic Coast Line. His bride is an attractive young lady and has made many friends in this city. They will reside with the groom's mother at No. 304 Hanover street.

My Corns Don't Hurt A Bit.

Tired, Ailing, Swollen, Smelly, Sweaty Feet, Corns, Callouses and Bunions, TIZ Cures Right Off.

Say good-bye to your corns the very first time you use TIZ. You will never know you have a corn, bunion or callous, or sweaty, tired, swollen, aching feet any more. It's just wonderful the way the pain vanishes. Rub the corn—hammer it with your fist if you wish—no more pain after TIZ than if there had never been a blemish on your feet. Doesn't that sound good to you? Doesn't it? Then read this.

"The corns on either of my toes were as large as the tablets you make to cure them. To-day there is no sign of corns on either foot and no soreness. It's an up-to-date Godsend.—Sam. A. Hoover, Progress, N. C.

Just use TIZ. It's not like anything else for the purpose you ever heard of. It's the only foot remedy ever made which acts on the principal of drawing out all the poisonous exudations which cause sore feet. Powders and other remedies merely clog up the pores. TIZ cleans them out and keeps them clean. It works right off. You will feel better the very first time it's used. Use it a week and you can forget you ever had sore feet. There is nothing on earth that can compare with it. TIZ is for sale at all druggists, 25 cents per box, or direct, if you wish, from Walter Luther Dodge & Co., Chicago, Ill.

ON CRUISE TO CHARLESTON.

Seminole Will Make First Trip Over That Portion of Her District.

On the first cruise of the season over the Southern portion of her cruising grounds, the revenue cutter Seminole, Capt. R. O. Crisp, leaves today for Charleston, and will probably visit Winyah Bay and other places on the trip. Some time during the Fall the Seminole will make a trip to some northern port to secure a dynamo to complete her wireless equipment. She will be gone about a week on this trip. The cruise beginning today will be the second of the season, the first was to Cape Hatteras, and upon her return to port will complete the trip over the entire district assigned to this cutter.

It Saved His Leg.

Wilmington Citizens Gladly Testify and Confidently Recommend Doan's Kidney Pills.

It is testimony like the following that has placed Doan's Kidney Pills so far above competitors. When people right here at home raise their voice in praise there is no room left for doubt. Read the public statement of a Wilmington citizen:

R. F. Rowan, 603 Castle St., Wilmington, N. C., says: "I have no reason to alter my high opinion of Doan's Kidney Pills, publicly expressed some years ago, after I had used them with good results. Since then many people have called on me and asked if the statement I gave, were true and it has always afforded me pleasure to answer in the affirmative. As the result of a strain I suffered a great deal from backache. At times I was so lame that I could hardly straighten and my back was so weak that I was unable to lift. I tried plasters and liniments but they did me no good and when I saw Doan's Kidney Pills advertised, I procured a box at Robert R. Bellamy's Drug Store. I felt relieved after taking a few doses and continued use strengthened my back and disposed of the pains. Since then there has been no return attack of kidney complaint and I firmly believe my cure is a permanent one.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

TRAVIS LOSES HIS TITLE.

Easily Defeated in Golf Events at Brookline—Today Will Decide.

Brookline, Mass., Sept. 14.—An entirely amateur golf champion is hidden among the eight players who survived a double round on the Country Club's course today. Walter J. Travis, of Garden City, three times title winner of the United States Golf Association, packed up his clubs today at the 15th green, where John G. Anderson, of the Wodland Golf Club, a former Massachusetts champion, eliminated him by five up and three to play after a match in which Travis was never in the lead.

The other seven honors of the day rested with W. H. Wilder, of Vesper, Lowell; W. C. Fownes, Jr., of Oakmont, Pittsburg; Frederick Herreshoff of Ekwanok, New York; Charles Evans, Jr., of Edgewater, Chicago; Warren K. Wood, of Homewood, Chicago; H. Weber, of Inverness, Toledo, and W. R. Tuckerman, of Stockbridge, Washington.

These eight will meet in the order named tomorrow. Betting was even at the Country Club tonight on the result of the star match tomorrow between Herreshoff and Evans.

Travis' defeat and the brilliant playing of Herreshoff and Evans were features. Travis seemed to have a fondness for all traps and hazards.

He also developed a surprising streak of poor putting, and just before the end missed an 18-inch push into the cup.

On the ninth hole the match was squared for the first time. The short tenth was halved and then Travis' game went to smash. He sent his second shot for the 11th green into the pond; he drove into a trap on the 12th; missed a short putt on the 13th, and on the 14th, after driving into the marl pit he picked up his ball. On the next hole Travis hooked his tee shot into the woods.

Summary: National golf championship—second round, 36 holes: Wilder defeated R. A. Brown, Meadowbrook, four up and two to play; Fownes defeated A. M. Reid, St. Andrews', six up and five to play; Herreshoff defeated P. W. Whittemore, the country club, five up and four to play; Evans defeated D. E. Sawyer, Wheaton, two up and one to play; Wood defeated H. Gilbert, Brae Burn, three up and two to play; Anderson defeated Travis, five up and three to play; Weber defeated R. R. Gorton, Brae Burn, three up and two to play; Ruckerman defeated F. A. Martin, Ekwanok, one up, 37 holes.

Drawings tomorrow for third round: Wilder vs. Fownes; Herreshoff vs. Evans; Wood vs. Anderson; Weber vs. Tuckerman.

SOME FANCY AEROPLANING.

Johnstone and Brookins Star Performers on Harvard Field.

Boston, Sept. 14.—Fancy aeroplaning was on the programme at the Harvard aviation field today, with Ralph Johnstone and Walter Brookins as the star performers. They demonstrated their skill with the biplanes until Wilbur Wright feared for their safety and ordered them to desist. Johnstone's favorite stunt was to indulge in steep volplanes, shutting his engine almost completely off and floating lazily for a moment on an even keel, then suddenly shooting down through space until he almost touched the ground. Then would follow a series of Dutch rolls as he swooped up and down close to earth.

Brookins performed the most daring feat of the afternoon in making his famous short turns, standing his biplane almost on end as he made a complete circle in scarcely more than six seconds. His machine reached an angle of more than 85 degrees at times.

Glenn H. Curtiss came out with a high power motor in his Albany flyer, while Charles F. Willard used another Curtiss machine. They completed several circuits of the course in a speed race and Curtiss, who won, made the best time he has shown at this meet, covering five and a quarter miles in six minutes 19 3-4 seconds.

White was also out in his Bleriot monoplane and sailed out well over the city and harbor.

The meeting will close tomorrow with a number of contests. Glenn H. Curtiss will race Claude Grahame-White, of England, five and a quarter miles for a $3,000 cup offered by the Harvard Aeronautical Society. There will be bomb dropping contests for two cups, one offered by the city of Boston and another by John Hays Hammond.

As a final demonstration the model battleship in front of the grandstand will be blown up by the throwing of an actual bomb from an aeroplane by Ralph Johnstone.

PENDER SUPERIOR COURT.

Judge Wheedbe is Presiding—Making Progress With the Docket.

(Special Star Correspondence.)

Rocky Point, N. C., Sept. 14.—Pender Superior Court convened on Monday with Judge Wheedbe presiding. After an exhaustive charge to the jury, His Honor appointed Mr. James F. Moore, of Currie, foreman, and Mr. T. P. Pearsall, clerk. The personnel of both grand and petit juries is one of the best that could have been selected in Pender.

Several minor cases have been disposed of. Neil Dickson has been sent to the roads for six months for carrying a "little small 22-calibre." Rocky Point had another scrap that was disposed of. One dusky married woman, Croatan looking, bit a piece out of the cheek of one who had alienated the affections of her husband. She was found guilty of course and the case dismissed with a small fine.

Judge Wheedbe is rapidly dispatching the docket and is winning golden opinions from our people. The "good roads" movement is growing, politics are much discussed and the outlook for good crops is general.

WOMAN KILLED BY CAR.

Accident Occurred in Washington—Husband Met Similar Fate.

Washington, Sept. 14.—While about to board a southbound suburban car into the city, where she intended to purchase the final articles for her trosseau, Mrs. Eliza E. Williams, who was to have been married soon to Warren K. Jessup, of Los Angeles, Cal., was struck today by a northbound trolley car and instantly killed. Her husband was run down by a freight train several years ago and killed within sight of his home.

ADMITS THEFT FROM BANK.

Rothbarth Says He Stole $10,000 From Mercantile Bank.

New York, Sept. 14.—Adolph Rothbarth, of the firm of Martin Rothbarth & Company, hop dealers, with offices in London, Frankfort and St. Petersburg, pleaded guilty today to the larceny of $10,000 from the Mercantile National Bank and was held for trial in an equal amount of bail. He had been under surveillance 48 hours, and his arrest came at noon after a long conference between the district attorney's office and a coterie of bankers with who he has had dealings.

"Your honor," said the assistant district attorney in charge of the case, "although the specific sum named in this complaint is only $10,000, the actual amount this bank alone has lost will come to more than $10,000, but I only ask this small bail because the prisoner has admitted that he did wrong and promises to afford the prosecution every aid in his power."

The money went into speculation, according to Rothbarth's own admission. "I was squeezed in the panic of 1907," he said, "and began to get loans from the banks. It was so easy that I kept on."

F. S. Schnenk, president of the Liberty National Bank, gave out a statement this afternoon of the bank's dealings with Rothbarth. "We have not thought it necessary to prosecute," he said, "in view of the action taken by the Mercantile National Bank, but none the less we also are out $75,000. Of course, we shall take action to get back as much of it as we can from the firm."

Three other banks are said to be involved, but their names have not yet come out. It is said that by juggling loans among them, Rothbarth was able to keep as much as $300,000 in the air at once. He could not give the bail demanded and had to spend the night in the Tombs.

N. C. MEDICAL COLLEGE.

Formal Opening Yesterday at Charlotte—Attacks on Institution.

(Special Star Telegram.)

Charlotte, N. C., Sept. 14.—The North Carolina Medical College was formally opened today for its 17th annual session with prospects for the most successful year's work in the life of the institution. The attendance at the opening was decidedly larger than it was last year and it is confidently expected that the enrollment this year will exceed by 10 or 15 the enrollment of last year when it reached 100 students. The attendance, the enthusiasm of the students and the earnestness and determination of the faculty would all indicate that the recently published criticism of the institution, following the adoption of the "Forsyth Resolutions" has worked much more good than harm to the college. At the opening exercises today the annual address was delivered by Rev. Dr. P. R. Law, the able editor of The Presbyterian Standard. The feature of the exercises was an address by Dr. J. P. Munroe, president and founder of the college, who answered for the students the questions that have arisen since the recent attacks on the college. The spirit shown by the members of the faculty among whom are included physicians and lecturers without peers in the South, and by the students and alumni of the college is a clear indication that they fill the one thought among them, and that the upholding and upbuilding of the reputation and the standard of the college, which has every necessary facility for the proper training of its students.

SAME SYSTEM FOR BANKS.

In Reporting Their Condition is Purpose of Supervisors.

Washington, Sept. 14.—A movement to bring all the State banks of the county into the National bank system of reporting their condition to the public was begun today before the National Association of Supervisors of State Banks, which closed its convention here. Heretofore it has been next to impossible to gather facts of the condition of all the State banks because no two States used the same system.

The project for co-operation between the examiners of State banks and the examiners of National ones was furthered by an order from Lawrence D. Murray, Comptroller of the Currency, that State bank supervisors in the future may attend all meetings of the National examiners.

Henry M. Zimmerman, of Lansing, Mich., was elected president of the association.

MRS. LATHAN DEAD.

Aged Resident of Washington, N. C. Passes Away—Funeral.

(Special Star Telegram.)

Washington, N. C., Sept. 14.—Mrs. Martha Francis Lathan, one of Washington's oldest citizens, passed away last night about 12 o'clock at the home of her son, Mr. J. B. Lathan, at his home on the corner of Second and Harvey streets.

All day yesterday she seemed to be in her accustomed good health but last night suffered an attack of acute indigestion which resulted in her death. She was the widow of the late Rev. Josephus Lathan, of this city, and was 81 years old. She is survived by two children, Mr. J. B. Lathan, of this city, and Mrs. J. P. Quinerly, of Quinerly, N. C. Mrs. Lathan was a consistent member of the Christian Church. The remains will be taken to Kinston tomorrow morning and the interment will be in the family burying ground there.

BLADEN CONVENTION.

Harmonious Assemblage Yesterday at Betsytown—The Nominees.

(Special Star Telegram.)

Elizabethtown, N. C., Sept. 14.—The Democratic Convention met here today, and nominated a strong ticket. Mr. G. H. Currie was permanent chairman, Louis Cromartie and M. B. McAuley, secretaries. There being no opposition to the present Sheriff, J. M. Clark, the youngest sheriff in the State, and Clerk of Court, W. J. Davis, their nomination were by acclamation. R. J. Hester was nominated Register of Deeds; A. McA. Council, treasurer; G. W. Hall, coroner; E. H. Anders, representative, and H. C. Bridger, B. J. Sanderlin and A. L. Tatum for Commissioners. All the defeated candidates accepted their defeat with good graces and pledged their support to their successors. The presence of a few Republicans was quite noticeable and their seeming interest would suggest that their interest was not all confined to the G. O. P. The convention adjourned at 5:40 P. M.

GIRL ELOPER SHOT SELF.

Verdict of Coroner's Jury in Case of Miss Ethel May Pierce.

Alexandria, Va., Sept. 14.—A coroner's jury today found that Ethel May Pierce, of Chester, Pa., who yesterday killed herself in a hotel here as she and Wm. Firth, Jr., a married man with whom she had eloped, were about to be taken into custody by the police, met her death from a pistol shot fired with suicidal intent by her own hands.

Firth, who had been held by the Alexandria police, was taken in charge by Chief of Police McCarey, of Chester, and left this afternoon for the Pennsylvania city. The body of Miss Pierce was shipped to Chester on a later train.

THE MORNING STAR

Published by the WILMINGTON STAR COMPANY [Inc.] Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under act of Congress, March 2nd 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carrier in the city or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards or thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office No. 51; Editorial and Local rooms No. 61. Call either if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will be invariably rejected unless the real name of the author accompanies the same, not necessarily for publication but as a guarantee of good faith.

Thursday, September 15th, 1910.

A Kansas man believes telephone girls make the best of wives. He would change his mind, however, if she would answer "line's busy" every time he called her to sew on a button.

The Federal courts are again worrying the Beef Trust. Little annoyances like that while a campaign is going on bores the Beef Trust, but it can afford it under the Aldrich tariff law.

Maine Democrats stuck to the party a long time in the face of defeats running back to ancient times. A man can climb a greased pole if he keeps on trying till he wears off the grease.

At the present price of eggs political speakers will be safe from eggsaltation at the hands of the fellow who thinks there is fun in throwing eggs when he has been knocked out by an argument.

It is said a suit case containing powder was found near the speaker's stand the day after Roosevelt spoke at Columbus, O. Somebody must have intended to aid in making a fuss over the Colonel.

Says an Alabama editor: "We are glad to be at home again, having been absent for some time on a visit to relatives and friends in Columbus." Well, who knows but what it may be mutual on the part of his kinfolks?

Says the New York Herald: "Dioxydiamidoarsenobenzol is the latest discovery in medcine." No doubt the doctor who tries to write it in his prescription will be compelled to have a fit in order to spell it correctly.

The beautiful song bird Lina Cavalieri denies that she prefers the society of that Russian Duke to that of her American artst husband. She declares she is still one of her old man's friends. That no doubt will assure him that she will continue to let him have peanut money.

"Local self-government" in Republican days of yore meant Tony Ashe in the saddle in Wilmington, Abe Middleton for political "boss" in Duplin, et al., and also some more colored political higher-ups. What it means now is so uncertain that it is not so sure it would know itself after its mask had been pulled off.

The remedy for high prices and the consequent increased cost of living is to send eleven Democratic Congressmen to Washington from North Carolina. The next House of Representatives will be overwhelmingly Democratic and insurgent, and should North Carolina consumers send one protectionist there he hardly would have the courage of his own convictions when it came his time to tell what he was sent for.

When it was made known to the progressive and growing city of Spartanburg, S. C., that she would be expected to subscribe $150,000 to build the trolley line which is to connect numerous cities in the Carolinas, her business men planked down the money before the proposition could get cold. That showed faith in the enterprise and demonstrated the fact that live men are quick to realize that it takes money and not talk to build a city.

Republicans at National headquarters in Washington are down in the mouth. They regard the Democratic clean-sweep in Maine as a catastrophe. Besides electing their Governor and two, if not three, Congressmen out of four, the Democrats also will have a majority of 36 by joint ballot in the Legislature, which will elect a United States Senator to succeed Eugene Hale, a Secretary of State, an Attorney General, a State Treasurer, a Commissioner of Agriculture, and other lesser officials. The slump in Maine indicates that consumers are tired.

PROTECTION FETISH DOOMED.

The Hon. Iredell Meares, Republican candidate for Congress in this district, formally launched the Republican campagn in Wilmington on Tuesday night with a speech in the county court house. Although there probably were not more than 400 or 500 citizens in attendance, that is a good sized political audience, so we observe that a goodly portion of Wilmngtonians were interested in what Candidate Meares had to say. There probably was a full attendance of Republicans, but doubtless three-fourths of Mr. Meares' hearers were Democrats who wanted to hear him speak and present the reasons why the Sixth District should send to Congress a Republican instead of a Democrat as usual.

Mr. Meares himself is a Wilmington lawyer of recognized ability, both at home and throughout the State. He is a speaker of energy and force, and individually he is likable. The probability is that if a vote had been taken on his individuality the thing would have been unanimous for Mr. Meares, but if the political sense of the audience had been ascertained it would have indicated a decided objection to his new political preachments. We say "new," for it nas been only a few years ago that Mr. Meares was a Democrat and was forcibly appealing to us to stand by the Democracy for the safety and honor of North Carolina and for the interests and happiness of the people. For reasons, which it will be hard to explain, he has "turned over" and is using his voice and influence to persuade us that we should now turn our backs on North Carolina Democracy which saved and preserves the State's honor and makes it possible for us to go about our business without the unrest, the turmoil, the riot forbodings and political nightmare whch has ever attended the control of North Carolina by Republicans and their allies! That Democratic party which was so capable of taking care of North Carolina in the past has not changed, but Mr. Meares has, and he is endeavoring to induce North Carolina voters to send him to Congress for the political reasons which caused him to change and for the reason that he is anxious to be elected to Congress.

Candidate Meares' individuality is one thing and his aspirations are another. However, the principles which he advocates make him an impossibility in a District composed of North Carolinians who are not willing, for the most powerful reasons, to trust the Republican party in whose hands he has placed his political fortunes. According to the local reports, he emphasized the tariff as the chief reason why this district should become Republican. However, he was making an argument to consumers who bear the burdens of the protective tariff and not to the captains of industry who reap the benefits. He was advocating a Republican fetish which now is justly giving that party trouble, is contorting it with dissensions and is sending it to its doom—ether now or sooner or later. He was advocating a policy which taxes the masses for the benefit of the few. He was preaching a doctrine which Republican insurgents have repudiated and which repudiation has been endorsed in every Republican State where the issue has been presented to the people—the tariff ridden consumers. He was advocating a Republican iniquity whch, only on Monday last, was so emphatically recognized by the people of Republican Maine that they made a clean sweep of the party which was responsible for it and could no longer be trusted for relief from its burdens.

The fact is, Candidate Meares was theorizing and pleading for a tariff when we already have a tariff that is daily burdening working people and is undoing the Republican party, according to present day political happenings. Why, if a candidate hoped to be sent to Congress now he should dodge the tariff issue, for everybody has all the tariff they want and are demanding that it shall be reduced. The Democratic party insists that it shall be reduced, the Republican party "promised" and pledged itself to reduce the tariff, hosts of Republican statesmen and voters have insurged for a reduction and are determined to have it. Even President Taft, in his "keynote" letter, takes to the storm cellar to avoid the cyclone. He hopes to stay the cataclysm by more promises of "further reduction," and in desperation over popular resentment he hopes to appease the uprising by urging the establishment of a "tariff commission" which would take it out of the hands of Congress (the people's representatves) and place it where it could be cooked to the queen's taste with nobody but standpatters to stir the broth.

No fight is needed for the tariff. We already have it and are getting it in the neck every day and Sunday, too. The real fight now on is to compel the Republican party to cease bleeding the people for its favorite interests, its enriched plutocrats, its contributors of corruption funds to carry the elections of the people. An argument for a protective tariff is out of date and out of joint with the times! It is the tariff crime that has brought about today's crisis with the Republican party. Tariff dope and adroitly juggled figures to astonish the natives should be laid on the shelf, if any man wants to go to Congress. The man who expects to get there should be a Democrat or an Insurgent pledged to block the game which is played between the Republican party and its protected partners—a game in which the Republican party wrings the stakes out of the people so the tariff beneficiaries can sweep it from the table into their coffers, returning only enough of the loot to the tariff makers to ensure their re-election so the game won't be broken up.

All victims who wish that game to be kept up at their expense should vote for a candidate who shouts for a tariff that protects the trusts, the combines and corporate wealth. Maine Republicans decided that they would no longer stand for the game. North Carolinians are asked to take Maine's vacated place in abetting the game in which the gamesters lose nothing while the innocent bystanders are fleeced in the name of prosperity and "protection for American industries." American industries sounds more patriotic than naming such beneficiares as the Beef Trust, the Sugar Trust, the Coal Trust, the Paper Trust, the Oil Trust, the Tobacco Trust, the Insurance Trust, and a further array of hundreds that would make such an aggregate as would startle the American people. This is quite enough to show what consumers are up against and make them insurge at the idea of voting for any candidate who argues in their cause. Those great billionaire and millionaire combinations named are some of the "American industries" (spoken easy!) and glowingly orated about, but which would better be known as tariff gluttons and protection cormorants overloading their capacious craws with what the average man produces by his industry, toil and sweat. The people's man sings no siren song for the Aldrich tariff monstrosity which is now up against the ropes taking the count.

In his speech Tuesday night, Mr. Meares criticised the press for not being posted about the Aldrich-Payne-Smoot tariff bill. We have before us both the Democratic and Republican campaign books issued from National campaign headquarters. The Democratic book is the indictment and the Republican book is the defense. They contain the authoritative statements of both parties and they furnish the thunder for the spellbinders. All that the spellbinders know about it is what they pick out of the statistics and the dope gotten out for them in a shape that they can handle it. We have not quoted from either of the campaign books in this article, but from statistics given out at Washington showing "Why Prices Are High," we give below a comparison showing the ad valorem tariff rate under the new tariff law, the real value of the articles and the tariff additions on the basis of $10 purchases:

Amount of Tariff Rates	Real Value	Tariff
Sugar 60.80 per cent.	$6.00	$3.75
Glassware, 60 per cent.	6.25	3.75
Window Glass, 84 pct.	5.43	4.57
Soap, 46 per cent.	6.84	3.16
Machinery, 45 per cent.	6.89	3.11
Tinware 45 per cent.	6.89	3.11
Metal tools, 45 pct.	6.89	3.11
Stockings $1 doz. 88 pct.	5.31	4.69
Shirts, 60 per cent.	6.25	3.75
Blankets, 107 per cent.	4.83	5.17
Flannels 40c yd. 144 pct.	4.09	5.91
Goods	$65.67	$44.08

The above shows the actual per cent. of tariff taxes on the articles named, and which can be verified upon consulting the bill itself. The above statement will clearly inform consumers why it is they cannot make their salaries and wages go any further. The Aldrich-Payne law is proof itself that when a woman purchases $10 worth of woolen dress goods, $4.87 represents the ad valorem price of the goods and $5.13 the amount of the tariff she pays. A suit of clothes having an import price of $10 and which costs an Englishman $10 when ready to wear, is taxed 80 per cent. ad valorem when it arrives at one of our custom houses. Eighty per cent. on $10 makes $8.00, regardless of transportation and retail profits, so that a $10 suit in London runs up to $18 in price in the United States before freight charges and retail profits are tacked on. These are but a few of a thousand illustrations that could be submitted to show how the tariff affects the cost of living.

Mr. Meares can now see what his tariff is doing to consumers and it will furnish him reasons for insurging in their behalf instead of asking their votes so he can go to Washington and aid in giving repeated doses of Aldrichism.

The home plates of the minor league teams seem to have been up against the high cost of living.

Whoever called the Rough Rider a populst didn't know the difference between a calamity howler and an iconoclast.

Col. Roosevelt refused to talk about Maine's behavior. No doubt he thinks it means "1" for 1912, if the Republicans hope to make a showing.

Col. Roosevelt is soon to come South on one of his Outlook trips. He is coming where everything surreptitiously appropriate from Col. Bryan will be readily recognized.

Chicago claims that her postal receipts are greater than those of New York. That gives New York a chance to laugh at a town that writes letters on business instead of telegraphing.

CURRENT COMMENT.

Republicans' dream of capturing Tennessee may yet turn into a nightmare.—Chattanooga Times.

And yet the Colonel used to dispense Federal patronage in Illinois in a way to please the Lorimer machine!—New York World.

Showing, incidentally, in Mr. LaFollette's case, what a United States Senator can do without Federal patronage.—Indianapolis News.

This is a Democratic year—everywhere—and even in Mitchell county the Republicans are in trouble because of a defaulting officer. The Chapel Hill News predicts a big victory in old Orange this year. If the Democrats work as they should, the majority will be 5,000 in November.—Raleigh News and Observer.

West Virginia was always a Democratic State until thousands of negroes were imported to work in the mines. Then the Republicans obtained control of the State. The news now from that State is that the Democrats will redeem the State, carrying four out of the six districts, surely redeeming the William L. Wilson district. If all the Republicans West Virginia has sent to Congress could all be rolled into one, they would not all be the equal of William L. Wilson.—Raleigh News and Observer.

Now that the zone of antagonism to railroads and corporations is shifting to New England, perhaps that old acquaintance, "timid capital," will begin hunting substantial investments down South, where the people are more American and consequently more conservative in their ideas. We have had our day of demagogy and are about over it. Those corporate concerns that are being batted so viciously in New Hampshire and Vermont, need only come to Chattanooga to find a friendly asylum. The South is going to save this nation yet. Old citizens can remember how we used to despise "radicals" down this way; the same has been instilled into the children and they're all itching to get a chance to exhibit it against the Roosevelt party when it gets started.—Chattanooga Times.

Maine has spoken and the questions now up for discussion are what does it mean and what are the Republicans going to do about it? Are Col. Roosevelt and his attacks responsible or does Maine's vote mean that this is a Democratic year? To what extent has local causes and dissatisfaction with the prohibition law, the sacred cow of Maine Republicanism contributed? Was the fight on Senator Hale a great factor? There will be no unanimity of answer, though a calm analysis would indicate that all figured in the results with the war within the ranks the chief cause. While a great many will hail the election of a Democratic Governor and three Representatives in Congress and the uncertainty at this writing as to the complexion of the Legislature that next winter will elect the successor of Senator Eugene Hale as a promise of Democratic success in November, it is well to remember that the election of 1880, the last in which a Democrat was chosen Governor, was followed by the decisive triumph of James A. Garfield.—New York Herald.

Oh, you Maine.

Senator Hale knows when to not want to be Senator any more.

Economize in labor by makng one acre produce more than three ordinary acres.

Republican officials who are not under the Civil Service rules are scared the most.

Consumers have the bit in their mouths. They have been pinched in the tummy.

The Hon. Champ Clark will be in the market for a pair of mules early the coming year.

Before you accept an invitation to a banquet be sure about who'll be there to make you look like thirty cents.

What is Senator Lorimer fit for if he isn't fit to go to a banquet attended by Chicago politicians? That's the limit.

AFFAIRS IN COLUMBUS.

Scarcity of Labor—Berry Conditions—Tobacco—Republicans.

(Special Star Correspondent.)

Whiteville, Sept. 14.—The impossibility to hire servants is a serious problem in Whiteville. Nearly every lady in our town is forced to do her own cooking and housework. The result is that many are taking meals at the Columbus Hotel. But even with the hotel it is not easy to secure help. Last Monday every negro, including the cook, quit work, but Mr. Oscar High had anticipated the trouble by engaging white help. The servants had no complaint to make against Mr. High, and their only excuse for quitting was that they did not feel like working this hot weather. The large mills in our county are short of hands, and negro men can get a high price for work. So the women refuse to hire out as servants, and wait on the men, who support them. And it is getting as bad out in the country. Farmers are cutting down their crops, and only planting the land that their immediate family can tend.

The strawberry acreage in this county is going to be reduced next year. Many growers are plowing up their berries to plant other crops. The prices paid last season were very discouraging. There are complaints against the exchange, organized last spring to market berries. Some growers who turned their fruit over to the exchange, say they lost heavily. Mr. Anderson, the hotel man of Fair Bluff, says from five acres in strawberries, shipped through the exchange, his net returns were only $525, when they ought to have been $1,000. There are many other complainants, but Mr. Anderson's case seems to be the worst. Several small growers say that by shipping through the exchange they are short about $100 under what they would have received had they sold direct to buyers.

The tobacco market is about winding up, but a good deal is now coming in. The prediction is that the market will close earlier this season than heretofore. Several buyers have already left. The prices paid of late are satisfactory, but the leaf is very light, owing to the continued rains washing off the gum. One large tobacco grower says a load will weigh but little more than half of what it would have otherwise done.

The Republicans in this county are preparing to wage a vigorous campaign. They have called a meeting to nominate a full county ticket, and say they intend to press the fight all along the line. But the Democrats have not the least fear of losing the county, but expect an increased majority, as a number of former Republicans have joined the Democrats and participate in their contests.

OLD SORES
DUE TO DISEASED BLOOD

Every symptom of an old sore suggests diseased blood. The inflammation, discharge, discolored flesh, and the fact that local applications have no permanent effect toward healing the ulcer, shows that deep down in the system there is a morbid cause for the sore. But more convincing proof that bad blood is the cause for these places is furnished by the fact that even removing the sore or ulcer by surgical operation does not cure; they always return. Nature will heal any sore if the blood is pure and healthy, but until the circulation is cleansed of all impure matter and supplied with nourishing and plasmic qualities the infected condition of flesh is OBLIGED to remain. S. S. S. heals Old Sores in a perfectly natural way. It goes into the blood, removes the impurities and morbid matters, adds nourishing qualities to this vital fluid, and brings about the very conditions that are necessary before any sore can heal. S.S.S. is a perfect blood purifier, acting directly on the circulation through the stomach and digestive members. Its use makes rich, red, healthy blood, which nourishes all flesh tissues instead of infecting them with the virulent matter which keep old sores open. MAGISTRATE AND CONSTABLE

The Reign of Serenity on Magistrate's Row Has Been Broken—Another Clash of Jurisdiction—Some Excitement.

After gliding along peacefully, comparatively speaking, for several months, Magistrates' Row was the scene of another eruption yesterday morning—the controversy arising from the same old cause, a clash of jurisdiction. Justice Bornemann figured as one of the principals while the other was Constable W. B. Savage. The incident is deeply regretted by the friends of each and Constable Savage stated yesterday afternoon that he regretted the occurrence and did all he could to prevent it.

The trouble between the magistrate and constable grew out of a personal encounter between Josh Simon, who conducts a store on South Front street, and Alex. Sayeg. Shortly after the affray Simon went to the office of Justice Bornemann and submitted. A warrant was drawn and served on Simon by Deputy Sheriff Howe. In the meantime Sayeg went to the Recorder and secured a warrant against Simon and the papers were placed in the hands of Constable Savage for service. The officer visited Simon's store and the latter claimed prior arrest. It is stated that as Simon had nothing to show that he had been arrested the constable did not recognize the arrest.

Justice Bornemann gave out a statement in which he said that Simon returned to his office and related the circumstances of Constable Savage's visit and that he (Justice Bornemann) gave Simon a paper showing that he had been arrested by Deputy Sheriff Howe, but contending, however, that such a document was not necessary The justice said further that he then went to the office of Recorder Furlong and told Constable Savage, who was sitting in the window of the office, that Simon was arrested by Deputy Sheriff Howe before the warrant from the Recorder was served. The justice said that the officer, with an oath, kicked him while he was trying to explain the matter. Justice Bornemann said that he was greatly surprised at the action of the officer and that he expects to bring the matter to the attention of the grand jury.

The version of Constable Savage and the witnesses, of whom there were several, differs materially from the account given by the magistrate. They say that the officer was sitting quietly in the window of Recorder Furlong's office when Justice Bornemann rushed up in a very excited manner and began shaking his finger in the constable's face, at the same time telling the officer, that Simon was first arrested by Mr. Howe and that he (Bornemann) would certainly try the case. They state further that the officer told the justice several times to desist, as he did not care to enter into a discussion of the matter. The justice went closer and the constable, they say, drew his arm around and pushed him away. He did this a second time, it is stated, and the third time would have sent the justice sprawling in the street had it not been for C. C. Loughlin, Esq., who was standing so near the officer's shoulder as to break the force of the blow. Mr. Loughlin maintains that he was there by accident and was using his best efforts to get out of the way. Then, it is stated, the officer shoved the justice away with his foot. The constable never left the window, it was stated.

It is understood that Mr. Savage submitted to the Recorder to assault and battery and will be given a hearing on the charge.

Later the case against Simon was called in Justice Bornemann's court. Several witnesses were examined, but when Sayeg was called he refused to testify and declared that the justice could not make him talk. Justice Bornemann reserved his decision in the case. Simon will be given hearing in the Recorder's court this morning on the charge of assault on Sayeg. Justice Bornemann stated yesterday afternoon that as soon as he learned the full and proper name of the witness who refused to testify he would probably send him to jail for contempt of court.

Justice Bornemann vigorously denies the charge that he shook his fingers in the officer's face.

DR. E. J. WOOD INVITED.

Expected to be Principal Speaker on Pellagra at High Point.

The Greensboro Daily News says that the Guilford County Medical Society is arranging a series of meetings that will be semi-public in character and will inure to the welfare of every citizen in the county. The first meeting in October will be devoted to a discussion of hookworm disease, the November meeting to a study of the drinking water supply of the entire county, including towns and rural districts, and pellagra will be the subject of discussion and study at the December meeting, which will be held in High Point. Regarding the December meeting The News says: "Dr. E. J. Wood, of Wilmington, known throughout the State as a famous expert on pellagra, is expected to be the principal speaker of the occasion, and Dr. C. H. Lavinder, of the United States marine hospital service, is also invited to read a paper. Among the local fraternity, Drs. C. W. Moseley, Charles Roberson and other members of our society will also read papers."

ATLANTIC TRUST & BANKING CO.

Annual Meeting of Stockholders Yesterday—President's Report—A Remarkable Growth—Old Officers Re-elected.

The annual meeting of the stockholders of the Atlantic Trust & Banking Company was held in the Southern Building at 11 o'clock yesterday. There were present Messrs. William Calder, C. N. Evans, S. M. Boatwright, L. B. Rogers, B. Solomon, F. L. Huggins, B. O. Stone, J. Weil, I. Shrier, Thos. F. Bagley, T. Donlan, Z. W. Whitehead, C. W. Yates, B. H. J. Ahrens, I. J. Bear, Price Furpless, Jurgen Haar and Junius Davis, representing 264 shares.

Messrs. S. M. Boatwright and Milton Calder were appointed tellers, and reported also 115 shares represented by proxy, making a total of 379 shares represented out of a total of 500 shares. Mr. Wm. Calder was elected chairman of the meeting and Mr. S. M. Boatwright was elected secretary. The following report was then submitted by Mr. Chas. N. Evans, president of the company:

"To the Stockholders of the Atlantic Trust & Banking Company.

"Gentlemen:—I have the honor to submit herewith a report of the operations of your bank for the eighth annual period ending September 1st, 1910.

"Your directors have been faithful and painstaking in the discharge of their duties, meetings having been held every month without exception, in strict accord with your by-laws, and the attendance averaged for the year a little more than 99 per cent.

"Your finance committee has been responsive to calls upon the valuable time of its members, and has rendered excellent service and wise counsel.

"Your most efficient cashier has been punctual, prompt and accurate in his work, and the funds of the bank have suffered no depreciation or loss during the year ended.

"The Atlantic Trust & Banking Company has been exceedingly prosperous since its organization eight years ago, this statement being sustained in the fact that the profits have amounted in total to $126.148.15, or an average of 31 1-2 per cent. per annum upon the capital stock, disposed of as follows:

Total Dividends paid.....	$28,500.00
Present Surplus	55.148.15
Present Special Reserve Account	42,500.00
	$126,148.15

"I recommend that all but $10,000 of the special reserve account hitherto carried on the deposit ledger be applied to the regular surplus fund of the bank after payment of the next dividend, and that regular quarterly dividends be paid hereafter instead of two regular and one special dividend as heretofore. The net profits for the year just ended have amounted to 38.55 per cent. upon capital and the bank has been placed upon the honor roll of savings banks and trust companies of the United States.

"The statement appended hereto will show the present condition of the bank, and a special committee appointed by your president to critically examine the assets will make an independent report.

"In conclusion it should be stated that a total of $19,252.91 interest has been paid to depositors in the past year, and the bank has confined its operations strictly to the handling of savings accounts and trust funds.

"Respectfully submitted,

"CHAS. N. EVANS,
"President.

"September 14, 1910."

At the conclusion of the reports the old board of directors, consisting of Chas. N. Evans, B. H. J. Ahrens, L. B. Rogers, John H. Kuck, C. W. Yates, J. G. L. Gieschen, B. Solomon, Chas. J. Mitchell, B. O. Stone, I. Shrier and Jurgen Haar, was unanimously re-elected

Complimentary addresses were made by Messrs. Wm. Calder, L. B. Rogers, B. Solomon, B. O. Stone, I. Shrier and Z. W. Whitehead.

Immediately after the adjournment of the stockholders' meeting, the directors met and took the oath of office, after which the former officers were unanimously re-elected, consisting of the following: Chas. N. Evans, president; B. H. J. Ahrens, vice president; Milton Calder, cashier; L. B. Rogers, secretary to the board.

A statement of the condition of the bank at the close of business September 1st shows loans and discounts of $693,453.03; bonds $25,000; furniture and fixtures $100; cash and due from banks $44,781.28; making a total of $763,334.15 resources, while the liabilities include $50.000 capital; $55.148.15 net profits and $658,186.16 deposits. A committee composed of Messrs. L. B. Rogers, B. Solomon and C. J. Mitchell, submitted a report to the stockholders that acting upon the request of the president, they have made a careful examination of the loans, collaterals and complete assets of the bank and found everything accurately kept, the loans safely and judiciously secured and the business conservatively and prudently managed. The investigation required about nine hours' steady work and the examination was in no wise perfunctory, which made the report all the more valuable to shareholders.

MR. J. S. WESTBROOK PASSES

Father of Strawberry Industry in Eastern Carolina Succumbs to Lingering Illness—Funeral at Wallace Today.

Friends in this city learned yesterday with profound regret of the death of Mr. J. S. Westbrook, of Wallace, which occurred at his home yesterday morning after a lingering illness. For some days members of the family from this city and elsewhere have been at his bedside and while the end was not unexpected, it came as a sad blow to family and friends.

John Samuel Westbrook was born in Guilford county, N. C., June 5th, 1846, and died at his home at Wallace, N. C., September 14th, 1910, in his 65th year. He was the son of Samuel W. and Amanda Springs Westbrook. Early in life he accepted the Christian religion and became a member of the Methodist Episcopal Church, South, and continued actively in the work of the church until his death, having for many years held official position in the church.

He was a man of sound judgment and marked business capacity. He followed the life of a farmer, and is best known in business affairs as the "father" of the great strawberry industry in Eastern Carolina. He was Vice President and a director of the East Carolina Truck and Fruit Growers' Association, which offices poor health compelled him to relinquish about three year ago.

He was at the time of his death a director and Vice President of the Bank of Duplin.

He was successful in the true sense in that, while accumulating sufficient of this world's goods to meet all needs, he so lived as to win the love and confidence of all who knew him.

He is survived by his widow, three sons, F. G. Westbrook, of Faison, N. C., John H. Westbrook, of Rocky Mount, N. C., and J. S. Westbrook, Jr., of Sumter, S. C., and four daughters, Mrs. William F. Murphy, Mrs. Binford Sloan, and Miss Charles R. Westbrook, all of Wallace, and Mrs. Robert Ruark, of this city. He is also survived by two brothers, J. A. Westbrook, of Mt. Olive, and Giles W. Westbrook, of this city, and two sisters, Mrs. G. W. Allbright, of Passadena, California, and Mrs. C. L. Newsome, of Georgia.

Mr. Westbrook will be buried this morning at Wallace.

POPULAR HOTEL CLERK.

Mr. Tom P. Dunham Left Yesterday Afternoon for Cincinnati.

Mr. Tom P. Dunham, known to his hundreds of friends as just plain Tom, who has been assistant chief clerk at Seashore Hotel, Wrightsville Beach, the past season, left yesterday afternoon for Cincinnati, Ohio, where he will spend some weeks. Manager Hinton is particularly fortunate every season in securing an exceedingly clever and popular clerical force and of the number none is more popular with the hundreds who stopped at the hostelry than Tom Dunham. He is an experienced and capable hotel man and he is the proud possessor of a bright and sunny disposition—his countenance is always radiant, and he scatters sunshine and joy wherever he goes. Although a hotel clerk no one can say that they saw him during the season in other than a happy frame of mind. The "Colonel," a title that was given him this Summer, is not a magician, but he has a varied selection of "tricks" that catch the most wary. He entertained and amused hundreds with these "tricks" during the Summer. Mr. Dunham did not come to Wilmington a stranger, for he spent some weeks here several years ago, when he was traveling with Rev. Sam Jones, the noted evangelist, now deceased. It is no exaggeration to that the "Colonel" made a friend of every person he met during the Summer and all will be delighted to know that there is a probability of his returning to the Seashore next season. In fact, he may return earlier and take a position with a Wilmington hotel until the beach season opens again.

BEGINS FALL TERM.

Cape Fear Academy Opened 38th Session Yesterday Morning.

The 38th session of Cape Fear Academy, of which Prof. Washington Catlett is principal, opened yesterday morning at No. 117 Orange street, with a fairly large enrollment. A large number of other boys and young men have been entered for the term, but have not yet returned to the city from their Summer vacations. They will begin to arrive in a short time now as the weather is getting cooler and take up their studies in the Cape Fear Academy. Prof. Catlett stated yesterday that the prospects are exceedingly bright for a most successful school year.

COMPRESS IS NOW WORKING.

Will Soon Begin Loading Steamers—Heavy Receipts Expected.

Work at the Champion Compress, where two steamers are docked to receive cotton for foreign markets, began yesterday morning for the first time this season. There has been some delay this season on account of light receipts of the staple, but beginning the latter part of next week cotton circles will doubtless be busy for some time to come. The staple is quoted at 13 5-16 cents for middling and 192 bales were received yesterday. The interior cotton markets throughout North and South Carolina are opening up for the season.

Don't Break Down.

Severe strains on the vital organs, like strains on machinery, cause break-downs. You can't over-tax stomach, liver, kidneys, bowels or nerves without serious danger to yourself. If you are weak or run-down, or under strain of any kind, take Electric Bitters the matchless, tonic medicine. Mrs. J. E. Van de Sande, of Kirkland, Ill., writes: "That I did not break down, while enduring a most severe strain, for three months, is due wholly to Electric Bitters." Use them and enjoy health and strength. Satisfaction positively guaranteed. 50c. at Robert R. Bellamy's.

HOW THEY STAND IN THE CONTEST

First Announcement of Vote Will Probably be Published in The Star Next Sunday.

RACE IS WARMING UP

Many Thousands of Ballots Are Being Recorded All Over Territory.

NEVER TOO LATE TO ENTER

Plenty of Time to Get in With the First—New and Old Subscribers—How Votes Are Secured—Other Notes.

On or before next Sunday the names of the contestants in the Morning Star's great subscription contest will be announced, and as the time draws near, the enthusiasm of the contestants increases. For the past few days the voting has been exceedingly heavy, and the announcement next week is going to be the real start of the contest. Votes are coming in every day from all over the territory and the indications are that the contest is going to be a very lively one.

As has been announced, the names of the different contestants will appear Sunday. While the different contestants whose names have been entered will become active workers in the contest, as there is no doubt but what admiring friends of some contestant have cast votes for them, thereby making entrants in this contest who will no doubt withdraw within a week or two.

Year's Subscription 3,000 Votes.

No one should feel discouraged, who is actively interested in the contest if other contestants have a few more votes than they have, as a year's subscription to the Morning Star counts for 3,000 votes, and they can very easily lead if they so desire.

Withdrawals Appreciated.

If there is any contestant, whose name appears in next week's list of Votes, and who does not desire to get interested personally, the contest department would consider it a favor if they would notify the manager of the contest immediately, and have their names withdrawn, as it may be that some of the friends of the disinterested parties would vote for others if the names were withdrawn. The favor will be appreciated by the management of the contest and promptly attended to.

Contest in Infancy.

The contest is really just started, in fact will not have started until after the names of the different contestants appear, then the race will be on in earnest.

Star Has No Favorites.

Throughout the entire contest no favoritism will be shown. What the contest department will do for one contestant, they will do for all. Sample copies will be sent upon request, and circulars in regard to the contest will also be furnished.

Watch for the votes as they appear opposite each contestant's name in the Star, pick out your favorite and do what you can for them, is the advice of the manager of the contest.

How Votes Are Secured.

A coupon good for five votes will appear in the Morning Star for a few weeks. These coupons are good for votes, and a contestant may gather just as many as it is possible to secure. These coupons in order to be counted do not have to be accompanied with a subscription, but each one if sent to the Morning Star office with a contestant's name filled in before the date on it has expired, will be credited toward one of these handsome premiums.

Securing Votes.

Another way to gather votes is to secure subscriptions to the Morning Star. Votes will be allowed on new subscriptions, also renewals, and arrearage payments when paid in advance.

Young Woman's Contest.

Contest No. 1 is for young women, married or single, and has been divided into six districts so that all of the contestants will not be working against each other.

In this contest the Star is offering four Grand Prizes, and 24 district prizes, consisting of $500.00 in cash, a handsome upright piano, two trips to Cuba, with all expenses, a Shetland Pony, Harness and Trap, six Handsome Diamond Rings, Six Turkish Rockers, Six Gold Watches and Six $25.00 Bank Accounts.

The young woman, city or country, who has the largest number of votes to her credit at the close of the contest will be awarded the $500.00 in cash. The second highest will be awarded the Piano. Third highest will receive the Trips to Cuba, selecting her own companion to accompany her, and the fourth highest will receive a Shetland Pony and complete outfit.

Should the second highest contestant, however, prefer the trips or the Pony to her Piano, she would be allowed the privilege of choosing her prize, as the largest numbers of votes of course, have first choice of the prizes.

Twenty-four District Prizes.

After the Four Grand Prizes have been awarded there will be 24 district prizes divided evenly among the six districts making four prizes sure to go to each of the six districts into which this contest has been divided.

A coupon good for five votes appears daily in the Morning Star, and of these a young woman may gather as many as she possibly can daily, and have her friends gather them for her, and if she sends them into the office before the date at the bottom has expired, they will each one count for five votes to her credit.

The nomination blanks which also appear daily, are to be used for nominating only, and only one will be credited to each contestant. These nominating blanks count for 2,000 votes, and enable the young woman to make a good start when she first enters the contest.

How Votes Are Secured.

Contestants and their friends may gather as many of the ten vote daily ballots as they can possibly secure, each one placing the candidate's names just that much nearer the Grand Prizes.

Another way to secure votes is to gather subscriptions to the Morning Star. Votes will be allowed on new subscriptions, on arrearges, and also on renewal of subscriptions.

Year's Subscription 3,000 Votes.

A year's subscription to the Morning Star is $6.00 and on that subscription 3,000 votes will be given on a new subscriber. The schedule on four months and six months subscriptions is also fully outlined in today's announcement. A full list of premiums, the schedule of votes, the distribution of the prizes, in fact every detail pertaining to the contest is fully explained in the full page announcement today.

Now is the time to enter the contest, for an early start is half the battle. Send in your name or that of your friend at once to the Contest Manager of the Morning Star, and get the contest fully explained, and the winning will be easy.

Who May Enter Contest.

Any young woman, married or single, residing in Wilmington or the States of North or South Carolina, is eligible to compete in this contest. A young woman does not have to be a subscriber to the paper in order to enter. All that is necessary is to send in the name and address, and assurance that the person entering is in good standing.

No relative or anyone connected with the Star office will be allowed as a contestant.

Contest No. 2—For Boys.

The Star has also put on a contest affording the hustling boys of its territory a chance to put in their spare time during the next few weeks before school opens to win a handsome prize for their efforts.

A coupon appears daily for the boys' contest, and each one of the votes counts for five, and the young man may secure as many of these as he possibly can get together. His friends may gather them and send them in for him, just so they are sent in before the date at the bottom has expired. They will count to the young man's credit for five votes each.

This contest is entirely separate from the contest for young women which has just been inaugurated, but the same schedule of votes will be used for both contests. That is 3,000 votes on a new yearly subscription, 1,000 votes on a new six months subscription, and 400 votes on a new four months subscription.

There will be three prizes for the young men in the city of Wilmington, and three prizes for young men outside of the city of Wilmington, so in that manner this contest has been divided into two districts. The first prize for each district for the young men will be $50.00 each in cash. The second prize for each of the two districts will be handsome gold watches, and the third prizes for each of the two districts will be smaller watches.

A young man may send in one of the nomination blanks, thereby starting his name in the paper with 2,000 votes, and he may gather as many of the five vote coupons as he can possibly secure. Besides that he may secure subscriptions to the Morning Star, and secure large number of votes on each one brought in.

Danderine

GROWS HAIR and we can

PROVE IT!

A lady from Minnesota writes: "As a result of using Danderine, my hair is close to five feet in length."

Beautiful Hair at Small Cost

HAIR troubles, like many other diseases, have been wrongly diagnosed and altogether misunderstood. The hair itself is not the thing to be treated, for the reason that it is simply a product of the scalp and wholly dependent upon its action. The scalp is the very soil in which the hair is produced, nurtured and grown, and it alone should receive the attention if results are to be expected. It would do no earthly good to treat the stem of a plant with a view of making it grow and become more beautiful—the soil in which the plant grows must be attended to. Therefore, **the scalp in which the hair grows must receive the attention if you are to expect it to grow and become more beautiful.**

Loss of hair is caused by the scalp drying up, or losing its supply of moisture or nutriment; when baldness occurs the scalp has simply lost all its nourishment, leaving nothing for the hair to feed upon (a plant or even a tree would die under similar conditions.)

The natural thing to do in either case, is to feed and replenish the soil or scalp as the case may be, and your crop will grow and multiply as nature intended it should.

Knowlton's Danderine has a most wonderful effect upon the hair glands and tissues of the scalp. It is the only remedy for the hair ever discovered that is similar to the natural hair foods or liquids of the scalp.

It penetrates the pores quickly and the hair soon shows the effects of its wonderfully exhilarating and life-producing qualities.

One 25-cent bottle is enough to convince you of its great worth as a hair growing and hair beautifying remedy—try it and see for yourself.

NOW at all druggists in three sizes, 25c, 50c and $1.00 per bottle.

SPECIAL HEALTH OFFICERS

Services of Four Extra Men Will be Discontinued Today.—Work Very Satisfactory and Much Good Accomplished.

The services of the special health officers who have done duty during the past few weeks will be discontinued today. Their work for the city will have ended for the present when they turn in their daily report at 5 o'clock this afternoon, and on Thursday will probably assume other positions. There are at present only four special health officers, the other two of the six appointed at the beginning of the health campaign having resigned some days ago, and it was not deemed necessary to fill the vacancies so late in the season.

It will be recalled that some weeks ago the Board of Health adopted a resolution calling attention to the fact that the health conditions of Wilmington could be greatly improved upon, as is the case in every other town and city, and when the matter came before the Board of Aldermen it was decided to appropriate $5 000, or as much as necessary, for the employment of special health officers and other expenses incidental to a campaign for an improvement in the health conditions. The Mayor appointed a special committee to have charge of the campaign in conjunction with Dr. Joseph Akerman, city superintendent of health, and the appropriation as made by the Aldermen was concurred in by the Board of Audit and Finance. The statement was made that probably not more than $1,000 would be needed to do the work mapped out, and it is stated that the work has not cost exceeding this amount.

The committee authorized Dr. Akerman to appoint six special health officers to do service until September 15th. They were named by Dr. Akerman and put to work on a definite plan. The city was divided into districts and each officer was given a certain territory. It was his duty to visit and inspect the premises and the water and sewerage connections in the residences and business houses and mak a daily report on blanks especially provided for the purpose. As was expected the officers found on their first round there was much room for improvement, especially in the keeping of the premises. In hundreds of cases they found the yards grown up in weeds, etc. The owners and occupants were immediately notified that the weeds would have to come down immediately or warrants would be issued. Other unsatisfactory conditions were found and the owners of the property given a certain number of days to carry out the suggestions of the health officers.

The officers are now completing their second round of the city. The wisdom of employing the special officers is best demonstrated by the reports of the second inspection. Between the two visits of the health officers there was a general cleaning up of the city. Practically every suggestion of the health officers was carried out by the property owners or the occupants. The result is that the reports fom the second inspection show a vast improvement in the general sanitary condition of the city.

The employment of three or four special health officers in the Summer will very likely become a permanent thing, and it is quite certain that they will begin their work earlier than they did this year. Until a few years ago special health officers were employed every Summer, when their servics are most needed, but for the past two or three years the regular force has attempted to do the work that was done formerly by twice the number. Not only the city officials but the people generally are satisfied with the work accomplished by the health department through the special officers and are convinced of the wisdom of employing extra men in the Summer.

ATTORNEY GETS JUDGMENT.

Civil Action Against Lady for Professional Services.

Lawyer A. H. Pait brought a civil action in Justice Bornemann's court yesterday morning against Mrs. John Kavanno, formerly of Arizona, for $10 alleged to be due for professional services and the hearing in the matter took place a short time later. The plaintiff was represented by Wm. J. Bellamy, Esq. The defendant did not deny that she owed the attorney the amount, but contended that the lawyer had agreed to wait for it until she sold a tract of land in Pender county, near Burgaw. On the other hand the plaintiff contended that the sale of the land did not in any way enter into the agreement he had with Mrs. Kavanno. The justice gave judgment for the amount of the claim. Mrs. Kavanno came here in August from Arizona and has been boarding at No. 1 Post-office avenue, the purpose of her visit being to dispose of a piece of property in Pender county. Mr. Bellamy made the point that as Mrs. Kavanno did not claim residence in North Carolina she could not take advantage of the real and personal property exemption allowed by law, and asked for an execution, which was issued. Mrs. Kavanno is said to have stated in court that she had $15 in her purse and she also had a watch and several rings, but that she did not intend to pay the claim until she got good and ready. The execution was served yesterday afternoon by Deputy Sheriff Temple. A baby carriage and a trunk were seized and taken to the magistrate's office.

Late in the afternoon Mrs. Kavanno paid the amount of the judgment and the costs in the case, and her property was returned to her.

AT THE THEATRES.

"Beulah," dramatized from Augusta J. Evans' novel of the same name, is announced for production in this city at the Academy of Music tomorrow night, with Miss Janet Waldorf in the title role. Miss Waldorf will be recalled by the theatrically well informed as the co-star with E. J. Morgan in the production of Hall Caine's "The Eternal City" several seasons ago.

During the past few seasons, she has not appeared before the American public, having been on a professional tour of the world, during which she visited all the English-speaking centers of Europe and the Orient.

Seats went on sale at Plummer's this morning. A big concession is made in that 200 choice seats downstairs are offered at $1.00 each.

SCENE FROM "BEULAH" WHICH APPEARS AT THE ACADEMY OF MUSIC, FRIDAY, SEPT. 16TH.

"A Gentleman From Mississippi."

Theatregoers will have another opportunity to see "A Gentleman From Mississippi," the great American comedy by Thomas A. Wise and Harrison Rhodes, the coming Saturday, matinee and night, at the Academy. "A Gentleman From Mississippi," has broken all records for long runs, having been presented for 13 consecutive months in New York; six months in Chicago, four months in Philadelphia, and four months in Boston. This season Manager Wm. A. Brady has given the piece a new scenic equipment, and when seen here it will be interpreted by a special cast, including jolly Robert A. Fischer as Senator Langdon, and John Butler, as Bud Haines, the reporter. The balance of the cast contains the names of players of long established reputation. Seats will go on sale at Plummer's tomorrow, the matinee scale being only to $1. The night prices range to $1.50.

Al. G. Field's Greater Minstrels.

With what is generally admitted to be the greatest minstrel organization of his career Mr. Al. G. Field will appear at the Academy next Monday night. This season's very elaborate lution of minstrelsy in four scenes presenting in the final transformation the pretentious biblical scenic spectacle, 'David the Minstrel and his Harp of One Thousand Strings at the Court of Saul;" the Festival Flowers; the Court of Momus, and American Minstrelsy in all of which numbers the entire company of 65 singers and dancers will appear. The immense submarine scenic spectacle entitled "The Bottom of the Sea," depicting the deep sea divers, their wonderful apparatus in actual operation and graphically picturing the many dangers which beset their most hazardous calling. A corps of wonderful contortionists headed by the wonderful impersonator Neiser, will show the monsters of the deep, devil fish, lobsters, and other first part entitled "Minstrelsy in All Ages," will serve to introduce the evo- leviathans in this most remarkable offering so entirely new to minstrelsy and its former attempts. What will be a positive innovaton in the annals of scenic production will be the Al. G. Field naval spectacle entitled "Ships and Sailors," which spectacle has been contemplated and in preparation for two years for this anniversary jubilee year. "Perry's Victory on Lake Erie," the historical of all inland naval battles, with the characters in life-like motion, goes to make this naval spectacle the most realistic of the Field presentations. An organization has been perfected for this Silver Jubilee Celebration which will excel all previous efforts of this most successful manager and which establshes more firmly than ever his claim to precedence in this distinctively American class of amusement.

At the Bijou Today.

At the Bijou today will be shown "Corporal Truman's War Story," as the feature of the bill. It is a great military drama, thrilling, pathetic and patriotic. Another picture of interest that will be shown is "The Champion of the Race," a realistic American production with a touch of comedy, novel in conception and execution.

LOCAL DOTS.

—Attention is called to the change in schedule on the suburban line of the Tidewater Power Co., which goes into effect today. The complete schedule will be found elsewhere in today's paper.

—There was only one case ready for trial in the Recorder's court yesterday. The lone defendant was charged with drunkenness and disorderly conduct and was required to pay a fine of $5 and costs.

—For the benefit of the fund to build the new Presbyterian Church in East Wilmington, a barbecue will be given at the Pearsall school house tomorrow. Refreshments will also be served. The public generally is invited to attend.

—A supper of barbecue, oysters and other refreshments will be served at Pearsall's school house, East Wilmington, on Friday night. The proceeds will be for the building fund of the Presbyterian church and the public is cordially invited.

—It is probable that a meeting of the Board of Aldermen will be held today for the purpose of considering bids for a large pump that was formerly used by the city. Other matters may also be considered in case the meeting is called.

—In the absence from the city yesterday of Justice George Harriss the office of the magistrate was in charge of Justice A. Silverman. Queen Green, colored was required to pay the costs in a case for assault on Mary Ashly, colored. A number of unimportant civil matters were adjusted during the day.

—The steamer City of Fayetteville arrived yesterday from Fayetteville and was placed on Skinner's marine railway for repairs. The steamer will be thoroughly overhauled for service on the river during the Fall and Winter. As soon as the steamer is repaired two boats will be placed in service between this city and Fayetteville.

—Deeds were filed for record yesterday as follows: H. G. Saunders and wife to W. B. Petteway, for $100 and other considerations, lot on south side of Dawson, 99 feet east of Seventh street, 33x66 feet in size; W. M. Cumming and wife to J. J. Moore and wife, for $10 and other considerations, lot on west side of Seventh, 165 feet south of Wooster street, 33x165 feet in size.

CONTINUES QUIET IN COTTON

No Important Change in Market Yesterday—Closed Quiet, Ten Points Lower—Decision of English Bankers.

New York, Sept. 14.—No important change occurred in the cotton market today, business remaining quiet and fluctuations narrow, with the close barely steady net 1 point higher to 5 points lower.

The market opened steady at an advance of 1 point to a decline of 2 points, but almost immediately eased off under local bear pressure and scattering liquidation. Possibly talk of freer spot offerings in Liverpool inspired some of the early selling, but after the market had shown a net loss of about 4 to 9 points it steadied and during the middle of the day rallied on covering and moderate support from bullish sources, with prices at one time ruling net unchanged to 4 points higher. It appeared from private advices, however, that the West Indian storm was passing to the westward, south of the Texas coast, suggesting nothing more than showers in the interior of that State, and when cables were received here in the afternoon reporting that the Atlantic States were offering spots freely at concessions, the local market turned easier again with the close unchanged to one point higher on the near months and generally four to five points lower on the later positions. It was reported that private cables from London had been received stating that English and continental bankers had announced their unwillingness to accept the validation of cotton bills of lading proposed by American bankers.

Southern spot markets officially reported early were unchanged to 3-16c lower, the declines being mostly in the eastern belt markets, while Houston was firm at unchanged prices. The official forecast was for showers in the Southwest tomorrow. There was a meeting of the revision committee of the New York Cotton Exchange after the close tonight, but no change was made in the differences between grades as applied to deliveries on contracts and the present differences will therefore remain in force until the next meeting of the committee in November.

Receipts of cotton at the ports today 19,319 bales against 16,441 last week and 29,772 last year; for the week 140,000 bales against 94,815 last week and 241,526 last year. Today's receipts at New Orleans 1,060 bales against 2,143 last year and at Houston 12,542 bales against 5,929 last year.

Spot cotton closed quiet 10 points lower; middling uplands 13.75; middling gulf 14; sales 7,580 bales.

Futures opened steady and closed barely steady.

THE NEXT COTTON REPORT.

Government's Last Condition Report of Season on October 3rd.

Washington, Sept. 14.—Government crop reports for October will include one on Monday, October 3rd, at noon, showing the condition of the cotton crop on September 25th as estimated by the Department of Agriculture and one on the same date from the census bureau giving the first ginners' report of actual cotton ginned. The report on the condition of cotton will be the last regular cotton condition report of the season. The estimate of total production will be made in December.

On Monday, October 10th, at 2:30 P. M. there will be issued by the Department of Agriculture a crop summary, as follows:

Condition, either on October 1st or at time of harvest, of corn, buckwheat, potatoes, tobacco, flaxseed, apples, rice; yield per total production (preliminary estimate) and quality of Spring wheat, oats and barley. A supplemental report will be issued on Tuesday, October 11th, giving a review of the crop situation as of October 1st, which will include crops not included in that of the previous day.

SOME ACTIVITY IN STOCKS

Considerable Inflow of Orders From Outside Sources—Day Terminated in Sharp Reaction—Effect of Politics.

New York, Sept. 14.—The stock market today had to bear the burden of profit-taking on the rise of yesterday and was affected accordingly. The advantage of the opportunity was increased by a considerable inflow of orders from outside sources, attracted by the stirring of yesterday's market. The action of the market gave evidence of efforts to extend these advantages in the bidding up of opening prices and in the coincident offering of stocks as fast as the market would take them without hurting prices. These operations kept up a show of animation in the dealings for the first hour after which there was a lapse into dullness, the day terminating in a sharp reaction.

Politics continued to occupy a large share of attention. The sentiment of the speculation was unaltered that the political outlook has declined in influence on the financial situation.

The subsidence of anxiety over the banking position of the country provided a substantial sub-stratum for the confidence that is growing up. This was manifest in the reception accorded the news of the rejection by the London conference of foreign bankers of the validation plan for American cotton shipments. The resources of the domestic money market seem now so assured that the extra requirement thus implied causes no anxiety. This is partly due to the conviction that American cotton owners have the advantage of position in the necessity of the foreign spinners for the supply of cotton.

Money continues to work easier both in New York and inland. Chicago reports a renewal of the demand on farm mortgages on the part of insurance companies, with interest rates marked down from 6 to 5 1-2 per cent. An important relief is thus afforded from the burdens on the country banks in connection with the extensive land purchases of the past year.

The day's crop advices were favorable and made a helpful factor towards sustaining prices.

Bonds were firm. Total sales par value $2,264,000.

United States 2s declined 1-8 per cent on call.

Total sales for the day 385,200 shares, including: Sugar 400; C. & O. 13,200; L. & N. 400; N. & W. 800; Reading 77,300; Sloss-Sheffield 100; Southern Railway 200; do preferred 200; Union Pacific 53,800; U. S. Steel 103,900; V. C. C. 1,000.

THE GRAIN MARKET.

Chicago, Sept. 14.—A prominent speculator was credited with having picked up through commission houses today 2,000,000 bushels of wheat. The story produced a temporary rally, but bearish foreign news that figured in all day resumed control, and caused a net decline of 3-4 to 1c. Corn closed 1-2 to 1c. down, oats unchanged to 1-4 advance, and hog products varying from a gain of 5 to a loss of a dime.

Cash close: Wheat, No. 2 red 96 1-4 to 3-4; No. 3 do. 94 3-4 to 96; No. 2 hard 96 1-4 to 100; No. 3 do. 94 to 97; No. 1 Northern 113 to 114; No. 2 do. 110 to 113; No. 3 do. 108 to 113; No. 2 Spring 95 to 106; No. 3 do. 90 to 105; velvet chaff 88 to 90; durum 86 to 94.

Corn. No. 2, 55 3-4 to 56 1-4; No. 2 white 56 1-2; No. 2 yellow 56 1-4 to 1-2; No. 3, 55 to 1-4; No. 3 white 55 3-4 to 56; No. 3 yellow 55 1-2 to 56; No. 4, 54 to 1-2; No. 4 white 54 1-2 to 55; No. 4 yellow 54 1-2 to 55 1-4.

Oats, No. 2 white 34 1-2 to 35 1-2; No. 3 do. 33 to 34 1-2; No. 4 do. 32 to 3-4; standard 34 to 3-4.

COTTON MARKET UNCHANGED.

Slight Decline in European Markets Had No Effect—Conditions.

(Special Star Telegram.)

New York, Sept. 14.—A slight decline in the European markets was without material effect upon our market, though the Southern markets are gradually easing in the absence of an aggressive demand. We have seldom seen the trade with so confused opinions, or rather with a lack of positive opinions, sufficient to induce them to take decided views as to the future course of prices.

Certain sections of the South are reporting poor crops, while in the same States from which these reports come, other sections report an excellent prospect. All united, however, in stating the crop is late and that everything depends on the date of frost. Holding these undecided views, the trade is awaiting the movement of the crop to test the action of both planter and spinner as to prices. We think there is less interest in the market than for many months, certainly much less than at this time last season.

The action of the European bankers in refusing to accept the validation of the bills of lading, should not be regarded as their final word. While this action looks serious we believe the matter will be arranged. Europe needs the cotton and we need th money, but we do not believe the European bankers will carry their action to a point which would disarrange the money markets of the world or close the cotton mills of Europe.

MINE EXPLOSION FATAL.

Slate Uncovered Gas Pocket—One Killed, Nine Injured.

Lindon, Ind., Sept. 14.—A fall of slate that uncovered a gas pocket today caused an explosion in Vandalia Coal Mine No. 10, near Dugger, killing Andrew Baxter and injuring nine other miners.

The mine was inspected before the men entered it today and found free of gas. Investigation showed slate afterward had fallen in an old entry, admitting gas to the new workings. Miners' lamps ignited the gas.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

HOOPER ENDORSED BY THE DEMOCRATS

(Continued From Page One.)

State publicly proclaim from one end of the land to the other that these laws could not be enforced. We have seen the pardoning power of the governor converted into a political asset, and used for the financial enrichment of his henchmen and the political aggrandizement of himself.

"We have seen the streets of our State capital crimsoned with the blood of political martyrdom. We have seen the decisions of the court of this State treated with the utmost contempt, reaching the very climax of infamy in a bold and brazen attempt to coerce the Supreme Court into rendering a judgment politically advantageous to the Governor and his machine."

The Platform Adopted.

The platform adopted says in part: "We denounce the usurpation of party authority in the name of Democracy by the Patterson machine, and we condemn its efforts to disfranchise Democratic voters of this State.

"The independence and the integrity of the three co-ordinate departments of our State government should be preserved in all their constitutional limitations, and we denounce the action of the Governor in attempting, by the use of his political machine to control the action of the Legislature and coerce the Supreme Court in the matter of a case pending before it.

We endorse and declare for the retention and maintenance of the four-mile law (the prohibition law) and its various amendments, prohibiting the manufacture and sale of intoxicating liquors in this State, and we coademn the euorts of Governor Patterson to discredit these laws, and of all other officials charged with the duties of enforcing them."

The State executive committee appointed by the independents today met this evening and referred the regular harmony proposal to a committe of turee with instructions to report on September 24th.

The regulars tonight organized to fight it out with the fusionists all a.ong the line.

SOUTH CAROLINA ELECTION.

Majority of Blease Over 3,000—Returns From Second Primary.

Columbia, S. C., Sept. 14.—Further returns from the second Democratic primary held yesterday made no change in the relative standing of the candidates for State offices. Cole L. Blease, of Newberry, is nominated for Governor over C. C. Featherstone, of Laurens, by a plurality of between 3,000 and 4,000. W. W. Moore, of Barnwell, is nominated for adjutant and inspector general by a plurality of 30,000 or more. G. McDuffie Hampton, of Columbia, has defeated James Cansler for railroad commissioner by a plurality of about 4,000. Only a small percentage of the ballot remains to be accounted for.

In the sixth district J. E. Ellerbe, incumbent, is renominated for Congress over his opponent, P. A. Hodges, by a safe majority.

In the second district the fight between J. O. Patterson, incumbent, and James F. Byrnes for Congressman is so close that the official count probably will be needed to determine the winner.

Columbia, S. C., Sept. 14.—Practically full returns from Tuesday's primary give Cole L. Blease a majority of 4,944 over C. C. Featherstone for Governor. James F. Byrnes, candidate for Congress from the Second district, on the face of unofficial returns has defeated J. O. Patterson, incumbent, by 91 votes.

The vote for State officers and Congress now stands:

Fof Governor: Blease 54,080; Featherstone 49,136.

For Adjutant General: W. W. Moore 67,658; J. M. Richardson 32,662.

For Railroad Commissioner: G. McDuffie Hampton 52,254; James Cansler 48,135.

For Congress, Second District: Byrne 6,220; Patterson 6,129.

Sixth District: J. E. Ellerbe (incumbent) 8,781; P. A. Hodges 6,385.

Panama, Sept. 14.—Liberal members of the National Assembly today elected Pablo Arosemena, Federico Boyd and Rodolfo Chiari as first, second and third designates, respectively. Arosemena becomes acting President for the unexpired term of the late President Obaldia. All three designates are liberals. The conservative assemblymen were not present at the election.

PEACE WITH HONOR AMERICA'S DESIRE

(Continued From Page One.)

nam Lincoln even at the risk of making new enemies for the United States in the midst of our Civil War protested against a foreign yoke for the free Mexican Republic.

"Our own awful struggle once at an end, the monarch responsible for the European invasion of Mexico was informed that it would be a cause of 'serious concern to the United States' if he did not withdraw his troops. Fifty-two thousand men of the United States army were ordered by General Grant to the Mexican border in support of that suggestion. The troops of the foreign emperor were at once withdrawn and the 'Vivas' of the victorious Mexican army that fought under Diaz at Puebla were echoed by the cheers of the soldiers in blue who stood under Sheridan on the banks of the Rio Grande ready to help had help been needed.

"Since that day the relations between us have been, as may they ever be, the relations of friends who gaze at each other hand in hand, on an equal footing and level eyed. We of the United States can never forget that Porfirio Diaz was the first ruling chief of an American Republic to step upon the soil of the United States, an example that has just been happily followed by others. President Taft in similar fashion is, I am informed, the first President of any American Republic to set foot while in office upon the soil of Mexico. It is a happy augury for the future relations of friendship and good will between these two great nations that Mexico should have established this precedent of American friendship in the United States, that the United States should have established it in Mexico.

"The United States seeks no new territory, no new control. Our people loathe war and seek peace, peace with honor. We congratulate you on the high standards of Mexican credit and of Mexican ideals. We ask that we may work with you and with your sister republic until the credit and the honor of all America from the North Pole to Tierra del Fuego shall have won equal respect in every market of the globe.

"May every succeeding President of Mexico in all the centuries to come say, and with justice, as President Diaz can with truth say, when laying aside the cares of leadership, in the words that Juan de Dios Peza has put in the mouth of the Mexican veteran:

"'World thy gifts lavishly spread.
Dissolve in the tears for the dead.
The sun, though it sets, returns ever
The life that is past returns never.
'The glory of glories for me
Shall be with my last glance to see
Union, honor, respect in the sheen
Flashing far from the red, white and green'."

AGAINST FORTIFYING CANAL.

Declares Such Step Would Constitute An Act of War.

Springfield, O., Sept. 14.—Declaring that to fortify the Panama Canal would constitute an act of war, Gen. J. Warren Keifer, representative from the seventh Ohio district, in a lengthy statement issued here tonight reviews the treaty obligations of the United States with reference to the canal.

His statement takes us text from suggestions made by William Randolph Hearst in a statement issued Sunday.

"The fact is," says General Keifer, "the Hay-Pauncefote treaty of November 18, 1901, clearly prohibits the United States from ever fortifying the Panama Canal.' General Keifer continues: "For the United States now to fortify the Panama Canal would be a violation of the Hay-Pauncefote treaty and would of itself constitute an act not only of bad faith, but an act of war.

SHOT BY STRIKERS.

Cigar Makers in Tampa Grow Violent. Mayor's Proclamation.

Tampa, Fla., Sept. 14.—J. A. Easterling, bookkeeper and office manager for Bustillo Brothers & Diaz, was shot and fatally wounded by a striker this afternoon as he stepped from a street car in front of the factory at West Tampa. The shot was fired, it is alleged, from a group of cigar makers.

Following the shooting of Easterling and the demonstration at the evening trains where strikers tried to prevent cigar workers leaving the city for other towns where branch factories have been established, Mayor McKay issued a proclamation declaring he will call upon the Governor to order out the militia if necessary to preserve order.

With eac.. succeeding act of violence on the part of the strikers, the situation grows more tense. Easterling was the first American who has been assailed, and this has thoroughly aroused the community. Hundreds of Cubans and Italians are in actual want and this is believed to be the cause for the acts of lawlessness during the last few days.

RESOLUTIONS

In Regard to the Death of William Lord DeRosset, Secretary and Treasurer of the Navassa Guano Co., from December 22, 1894, to the Time of His Death August 14, 1910.

Wilmington, N. C., Sept. 12, 1910.

Whereas, under the dispensation of an all wise God, we are called upon to mourn the death of William Lord DeRosset, who for so many years was an able officer of this company, it becomes us to express our estimate of his worth and abilities, all of which will inadequately set forth our loss and grief, but to his unswerving friendship, his exalted character, his fidelity in discharging his every duty, we, with all who knew him, desire to express our tribute to his memory. Therefore be it

Resolved, that the Directors of this Company have heard with profound regret of the death of William Lord DeRosset, and in his death this Company has lost a valued official.

Resolved, that while we shall miss him as an official we shall none the less miss him as a friend, and his memory is such that it will be cherished by the Directors.

Resolved, that these resolutions be spread upon the minutes of this Company, and a copy of same forwarded to the family of our deceased friend.

S. W. TRAVERS,
C. E. BORDEN,
H. W. MALLOY,
Committee.
